Appendix "A" – Town of Regina Beach Zoning District Map

Section 1: Introduction

1.1 Authority

- 1.1.1 Under the authority granted by *The Planning and Development Act, 2007 (The Act)*, the Mayor and Council of the Town of Regina Beach in the Province of Saskatchewan, in open meeting, hereby enact as follows:

1.2 Title

- 1.2.1 This Bylaw No. 11/2021 shall be known and may be cited as the Zoning Bylaw of the Town of Regina Beach.

1.3 Purpose

- 1.3.1 The purpose of this Bylaw is to regulate development and control the use of land in the Town of Regina Beach in accordance with the Town of Regina Beach Official Community Plan Bylaw No. 10/2021.
- 1.3.2 The intent of this Zoning Bylaw is to provide for the amenity of the area within the Town of Regina Beach (hereinafter referred to as the Town) and for the health, safety and general welfare of inhabitants and visitors of the Town:
- a. To minimize land use conflicts;
 - b. To establish minimum standards to maintain the amenity of the Town;
 - c. To ensure development is consistent with the physical limitations of the land;
 - d. To restrict development that places undue demand on the Town for services; and
 - e. To provide for land use and development that is consistent with the goals and objectives of the Town.

1.4 Scope

- 1.4.1 This Bylaw applies to all land included within the boundaries of the Town. All development within the limits of the Town shall hereafter conform to the provisions of this Bylaw subject to the right of appeal provisions of *The Act*.

1.5 Severability

- 1.5.1 A decision of a Court that one or more of the provisions of this Bylaw are invalid in whole or in part does not affect the validity, effectiveness, or enforceability of the other provisions or parts of the provisions of this Bylaw.

Section 2: Definitions

Whenever the following words or terms are used in this Bylaw and/or the Town of Regina Beach Official Community Plan Bylaw No. 10/2021, they shall have the following meaning unless provided otherwise.

A

Abattoir: A facility for butchering or slaughtering animals, and to dress, cut, inspect meats, refrigerate, cure and manufacture by-products.

Above Ground Fuel Storage Tank: A storage tank, any portion of which is above grade and contains gasoline, diesel fuel, propane or ethanol.

Accessory: A use, building, or structure customarily associated with, incidental to, subordinate to, and located on the same lot as the principal use, building or structure.

Act, The: *The Planning and Development Act, 2007*, Province of Saskatchewan.

Adjacent: Contiguous or would be contiguous if not for a river; stream; rail line; road; utility right-of-way; reserve land; and, any other land identified in this Bylaw as adjacent land for the purpose of notification.

Agricultural: A use of land, buildings or structures for the purpose of growing crops; forestry; market gardening; pasturage; private greenhouses; and, includes the growing; packing; treating; storing; and, sale of produce produced on the premises and other similar uses customarily carried in the field of general agriculture.

Alteration or Altered: Any structural change or addition to a building or structure, and includes a change from one type of use to another.

Animal Clinic: A building or part thereof used by a qualified veterinarian for the treatment of animal health needs where animals are not kept on the premises for surgery or kept overnight.

Animal Hospital: The premises of a veterinary surgeon where small, large domestic animals and livestock are treated or kept involving surgery and the keeping of animals in outdoor or indoor pens.

(Animal) Veterinary Clinic: A place for the care and treatment of small animals involving outpatient care and medical procedures involving hospitalization but shall not include the keeping of animals in outdoor pens.

Apartment: A building divided into five (5) or more dwelling units, unless otherwise defined, each of which is occupied or intended to be occupied as the permanent home or residence, not including a hotel, motel, or rooming house.

Applicant: A developer or person applying for a development permit under this Bylaw or for a subdivision approval to an approving authority under *The Act*.

Attic: That portion of a building situated wholly or in part within the roof and which is less than one-half (1/2) storey.

Automobile (Motor Vehicle): A self-propelled passenger vehicle that usually has two (2) to four (4) wheels, an internal-combustion engine, alternate energy sources such as electrical, fuel cell, and is used for land transport.

B

Bare Land Condominium: A bare land condominium involves dividing a parcel of land into individually owned 'bare land units'. A proposed plan of survey to create a bare land condominium requires the subdivision of the land and subdivision approval pursuant to *The Act*. Buildings on each bare land unit are owned by the individuals. The balance of the parcel around the units is common property. Generally, buildings on private units or common property are not constructed until after the bare land condominium plan has been registered. To ensure compliance with municipal bylaws, the municipality should discuss with the developer, any proposed construction of buildings prior to registration of the condominium plan. All buildings and improvements on common property are owned by the condominium corporation. Bare land condominiums are sometimes managed as exclusive communities, with control over local access.

Bare Land Condominium Unit: A bare land unit as defined by *The Condominium Property Act, 1993*.

Basement: That portion of a building that is partly or wholly underground.

Bed and Breakfast: a dwelling unit, licensed as an itinerant use accommodation under *The Public Accommodation Regulations*, in which overnight accommodation within the dwelling unit, along with one meal served before noon, is provided to the travelling public for a charge.

Billboard: A private free-standing sign, including supporting structure, which advertises goods, products, services, organizations, or facilities that are available from, located on, or refer to, a site other than the site on which the sign is located.

Brewery, distillery or winery: A brewery, distillery, or winery where beer, liquor, or wine are produced onsite and may be consumed on the premises or sold or distributed in accordance with the Province of Saskatchewan regulations and licensing requirements.

Buffer: A strip of land, vegetation or land use that physically separates two (2) or more different land uses.

Building: A structure constructed on, in or over land and used for the shelter or accommodation of persons, animals, goods or chattels, and includes any structure covered by a roof supported by walls or columns.

Building, Accessory: See "Accessory".

Building, Principle: A building in which is conducted the main or primary use of the site on which said building is situated.

Building Bylaw: A Bylaw of the Town of Regina Beach to regulate the erection, alteration, repair, occupancy, or maintenance of buildings and structures.

Building Height: The height of a building according to **Section 4.10** of this Bylaw.

Building Permit: A permit, issued under the Building Bylaw of the Town of Regina Beach, authorizing the construction of, or the addition to, any building but does not include a development permit.

Bulk Fuel Sales and Storage: Includes land, buildings and structure for the storage and distribution of fuels and oils including retail sales or cardlock operation.

Business Support Services: Activities intended to provide administrative, promotional or technical support for commercial and industrial activities.

C

Campground: An area used for a range of overnight camping experiences, from tenting to serviced trailer sites, excluding the use of mobile homes or trailers on a permanent year round basis, that may also include accessory facilities which support the use, such as administration offices, laundry facilities, and other complementary, yet subordinate uses.

Cannabis Production Facility: A federally licensed facility for the growing of cannabis plants and harvesting of product from those plants where all plant growth activities are carried out indoors; excludes processing.

Cannabis Retail Store: A retail business operating from a storefront operation and authorized by The Cannabis Control Act (Saskatchewan) to sell any part of the cannabis plant, processed or unprocessed, including any derivative, concentrate, or edible product originating from the cannabis plant.

Carport: A building or structure, or part thereof, where at least 40% of the area of the perimeter is open and unobstructed by a wall, door, post or pier and which is used for the parking or storage of motor vehicles.

Car Wash: A building or portion of a building which is used for the washing of vehicles, including full service, automatic and hand operated facilities.

Cemetery: A cemetery or columbarium within the meaning of *The Cemeteries Act, 1999*.

Vehicle: A device in, on or by which a person or thing is or may be transported or drawn on a highway and includes special mobile machines and agricultural implements but does not include vehicles running only on rails or solely on railway company property.

Vehicle Repair and Maintenance Service Indoor: Includes all land uses which perform maintenance services to motorized vehicles and contain all operations (except vehicle storage) entirely within an enclosed building.

Visitor Information Centre: A building that provides information and services to visitors to a place such as a community, tourism amenities, services and others.

W

Warehouse: A building used for the storage and distribution of wholesale goods and materials.

Waste Disposal Facility, Liquid: A facility to accommodate any waste which contains animal, mineral or vegetable matter in solution or suspension, though does not include a septic system for a single residence or farmstead, or a manure storage area for an intensive livestock operation.

Waste Disposal Facility, Solid: A facility or a temporary storage facility, to accommodate discarded materials, substances or objects which originated from residential, commercial, institutional, and industrial sources which are disposed of in municipal or private landfills or transfer stations, and not including dangerous goods, hazardous waste or biomedical waste.

Water Body: A lake, pond, reservoir, lagoon, swamp, marsh, wetland or any other area containing standing surface water, either permanently or intermittently.

Water Course: Any natural or artificial stream, river, creek, ditch, channel, canal, conduit, culvert, drain, waterway, gully, ravine or wash in which water flows in a definite direction or course, either continuously or intermittently, and has a definite channel, bed, and banks, and includes any area adjacent thereto subject to inundation by reason of overflow or design flood.

Wind Energy Conversion System: A system composed of a wind turbine, tower and associated control electronics with a capacity of less than 100 kilowatt (kW) for non-residential use or 10 kW for residential use. It will be considered an accessory use and is intended to provide on-site power for a principle use.

Wind Generator or Turbine: The individual component of a Wind Energy Conversion System that converts kinetic energy from the wind into electrical energy, independent of the electrical conductors, electrical storage system, electrical metering or electrical inverters.

Wind Turbine, Electrical: An individual component of a Wind Energy Conversion System which converts kinetic wind energy to electrical energy through electric currents.

Wind Turbine, Mechanical: An individual component of a Wind Energy Conversion System which converts kinetic wind energy to mechanical energy through motion.

Work Camp: A temporary industrial or construction camp established for the purpose of providing accommodation for employees, and without restricting the generality of the above, the camp is usually made up of a number of mobile units, clustered in such a fashion as to provide sleeping, eating and other basic living facilities.

Y

Yard: Uncovered space, open to the sky on the same site with a building or structure.

Yard, Front: The area from the front site line to the nearest extent of the main front building wall, between the side site lines.

Yard, Rear: The area from the rear site line to the nearest extent of the main rear building wall or structure, between the side site lines.

Yard, Side: The area between the side lot line and the nearest extent of the main side wall of the building or structure.

Yard Setback: The minimum yard required by a provision of this Bylaw and within which, unless specifically permitted, no building, structure, or part of a building or structure shall be erected.

Z

Zoning District: Divisions identified in the Zoning Bylaw according to **Section 6.0** of this Bylaw that establish permitted and discretionary uses as well as development standards for all sites within the Town of Regina Beach.

Section 3: Administration and Interpretation

3.1 Development Officer

- 3.1.1** The Chief Administrative Officer or their designate of the Town of Regina Beach shall be the Development Officer responsible for the administration of this Bylaw and in their absence by such other employee of the municipality as the Council designates from time to time.
- 3.1.2** The Development Officer shall:
- a. Receive, record and review development permit applications and issue decisions in consultation with Council, particularly those decisions involving, discretionary uses, development permit conditions and development and servicing agreements;
 - b. Maintain, for inspection by the public during office hours, a copy of this Bylaw, zoning maps and amendments, and ensure that copies are available to the public at a reasonable cost;
 - c. Make available, for public inspection during office hours, a register of all development permits and subdivision applications and decisions;
 - d. Collect development fees, according to the fee schedule established in this Bylaw or any other Development Fee Bylaw adopted by the Town;
 - e. Perform other duties as determined by Council.
- 3.1.3** The Development Officer shall be empowered to make a decision regarding a development permit application for a permitted use.

3.2 Council

- 3.2.1** Council shall make all decisions regarding discretionary uses, development and servicing agreements and Zoning Bylaw amendments.
- 3.2.2** Council shall make a recommendation regarding all subdivision applications circulated to it by Saskatchewan Ministry of Government Relations prior to a decision being made by the Minister.
- 3.2.3** Council shall act on discretionary use, rezoning and subdivision applications in accordance with the procedures established by *The Act* and in accordance with the Town of Regina Beach Official Community Plan.

3.3 Interpretation

- 3.3.1** Where any provision of this Bylaw appears unclear, Council shall make the final Bylaw interpretation.
- 3.3.2** All Bylaw requirements shall be based on the stated metric units. The imperial units shown in this Bylaw shall be approximate guidelines only.

3.4 Development Permits

- 3.4.1** No person shall commence a new use or undertake development, including repairs and renovations involving structural alterations, without first obtaining a development permit, unless exempt under **Section 3.7**.
- 3.4.2** A development permit shall not be issued for any structure or use in contravention of any provisions of this Bylaw or the OCP, except as provided in an appeal pursuant to *The Act*.

3.4.3 Frontage on Road

A development permit shall not be issued unless the site abuts or has frontage on a public road.

3.4.4 Building Permit

A building permit shall not be issued unless a development permit, where required, has also been issued.

3.4.5 Water Supply and Sewage Disposal Facilities

The Development Officer shall make available, in addition to plumbing permits and plan information, a copy of all approved development permit applications involving installation of water and sanitary services, if such information be requested by provincial officials under the *Public Health Act and Regulations*. The developer shall, at their own expense, provide suitable water supply and sewage disposal facilities for that development acceptable to Council that meets the *Public Health Act and Regulations* requirements.

3.5 Development Permit Application Requirements

3.5.1 A development permit application shall be made, in writing, to the Development Officer, in the form prescribed by the Development Officer, and shall not be considered complete unless all application requirements are met including the required application fees according to **Section 3.10** of this Bylaw.

3.5.2 The completed development permit application shall include:

- a. The names, signatures, and contact information of the applicant, the property owner, and the person who prepared the application and / or supporting material;
- b. The civic address and legal description (lot, block, plan) of the subject property;
- c. A description of the proposed development or use on the subject property;
- d. A Site Plan that should include:
 - i. A north arrow, the subject site property boundaries and dimensions, and all adjacent properties, streets, and lanes;
 - ii. The location and setback to property line(s) of any existing buildings, structures, utility poles, underground utilities, easements, and trees;
 - iii. The location and size of proposed buildings or structures, including all front, side and rear yard setback dimensions;
 - iv. The location of any entrances or exterior doorways, walkways, and pedestrian circulation areas;
 - v. The location and size of all proposed parking spaces, driveways, vehicle circulation areas, and loading spaces;
 - vi. Landscaping details in accordance with **Section 4.17** of this Bylaw (existing trees, removal of trees, proposed plantings, berms, water features, etc.)
 - vii. Grading and drainage details in accordance with **Section 4.18** of this Bylaw;
 - viii. The location and size of any proposed signs.
- e. Floor plans and building elevations of the proposed development, if applicable;
- f. A geotechnical analysis report pursuant to **Section 3.6** below, and any other required information or supporting studies in accordance with the OCP and this Bylaw as determined to be relevant by the Development Officer or Council.

3.6 Geotechnical Analysis Required

- 3.6.1** In accordance with Section 3.7 of the OCP, all new development on any parcel of land within the Town must be accompanied by a geotechnical analysis report, which must be completed and approved by a Registered Engineer in the Province of Saskatchewan. The analysis shall indicate topography, surface drainage, geological and geotechnical conditions at the site of the proposed development as they relate to slope instability and erosion hazards. The report must indicate the suitability of the site for development, any remedial measures that may be required to ensure the natural resource base is not irreparably altered and also, identify safe building sites and recommended foundation types. Remedial measures may be specified as conditions to the issuance of a development permit. The report must also address whether the site is subject to flooding, earth movement or instability and whether this makes the site unsuitable for development or is hazardous for the proposed use.
- 3.6.2** The geotechnical engineer shall answer the following questions:
- a.** Will the proposed development be detrimentally affected by natural erosion or slope instability?
 - b.** Will the proposed development increase the potential for erosion or slope instability that may affect the proposed development, or any other property?
- 3.6.3** Unless the geotechnical engineer can answer “no” in response to both of the above questions, further analysis will be required. The additional analysis must define the hazard as it may affect the proposed development and any other potentially affected lands. The report will identify hazard mitigation measures including engineered works and other measures deemed to be effective in eliminating or managing anticipated erosion and slope instability, and will identify and explain known and suspected residual hazards. The responsibility for monitoring and responding to monitored findings shall be resolved before approval is granted.
- 3.6.4** If such an evaluation is not done, or having been done, and the Development Officer or Council determines that excessive remedial or servicing measures are necessary to safely and efficiently accommodate the proposed development, then the development permit application shall be refused.
- 3.6.5** The geotechnical analysis provided as part of the application submission pursuant to **Section 3.6.1** above will be registered as an interest on the property title with the costs of the registration to be the responsibility of the applicant.
- 3.6.6 Reductions to Development Standards as a Result of Geotechnical Analysis**
If a proposed development is unable to comply with a minimum yard setback contained in this Bylaw due to the results of the required Geotechnical Analysis report, a reduced setback may be considered by Council through the discretionary use process pursuant to **Section 3.9**. Proposals seeking a reduced setback under this provision shall be required to apply for a discretionary use application, even if the use is listed as permitted, which shall be evaluated against the general discretionary use evaluation criteria in **Section 5.2**, any additional criteria of in specific zoning district schedule, and shall not contradict the OCP or any provision of the Town Building Bylaw and National Building Code. The public notice for the discretionary use shall clearly identify the proposed reduction and the reason behind the request from the Geotechnical Analysis report.

3.7 Development Not Requiring a Permit

3.7.1 The following developments shall not require a development permit, but shall conform to the OCP and all other Zoning Bylaw requirements:

- a. Any use, building, or structure owned and operated by the Town.
- b. A maximum of three (3) accessory buildings and structures under 9.3 m² (100 ft²) in area that are accessory to an approved, principal use, though **Section 4.6** of this Bylaw still applies. Any additional accessory buildings and structures under 9.3 m² (100 ft²) shall require a development permit.
- c. A temporary building or structure, excluding shipping containers subject to **Section 4.6.8**, where the sole purpose is incidental to the construction or alteration of a building for which a building permit has been granted. The temporary building or structure shall be removed once it is no longer necessary for such construction work to continue or if the work is abandoned.
- d. Building maintenance and repairs provided that such alterations do not result in a change of use or intensity of use or that do not involve structural changes that require an accompanying building inspection from certified inspector.
- e. Any fence or gate though **Section 4.19** and the regulations of each zoning district shall apply.
- f. Retaining walls under 0.61 m (2 ft) in height, though **Section 4.19** of this Bylaw still applies.
- g. Landscaping provided the natural or designed drainage pattern is maintained and adjacent sites are not adversely impacted.
- h. Home Offices though **Section 4.6.5** of this Bylaw still applies, except any signage is prohibited.

3.8 Development Permit Procedure

- 3.8.1** As per *The Act* (ss. 62.2), if a person applies for a development permit with respect to a development or use described as a permitted use by a zoning bylaw, the Development Officer shall, if the application conforms to the zoning bylaw, issue a development permit.
- 3.8.2** As soon as an application has been made for a development permit and prior to making a decision, the Development Officer may refer the application to whichever government agencies or interested groups Council may consider appropriate. The Development Officer may also require the application to be reviewed by planning, engineering, legal or other professionals, with the cost of this review to be borne by the applicant. Upon approval of a permitted or accessory use, the Development Officer shall issue a development permit for the use at the location and under such terms and development standards specified by the Official Community Plan and this Bylaw.
- 3.8.3** The applicant shall be notified in writing of the decision of their application. The applicant shall be advised of their right to appeal a decision to the Development Appeals Board on a permitted or accessory use application and any terms and conditions attached to an application.

3.9 Discretionary Use Applications

Discretionary uses, discretionary forms of development and associated accessory uses shall conform to the development standards and applicable provisions of the zoning district in which they are located.

3.9.1 Discretionary Use Application Process

- a. Applicants must file with the Development Officer the prescribed application form, a site plan, any other plans and supplementary information as required by the Development Officer and pay the required application and public notice fees;
- b. Where an application for a Development Permit is made for a discretionary use, the Development Officer shall advise Council as soon as practicable;
- c. As soon as practicable after Council is advised that an application has been made for a Development Permit for a discretionary use, Council shall consider the application. Prior to making a decision, Council may refer the application to whichever government agencies or interested groups, as Council may consider appropriate. Council also may require the application to be reviewed by planning, engineering, legal or other professionals, with the cost of this review to be borne by the applicant;
- d. The Development Officer shall carry out on behalf of the applicant, the advertisement of the proposed use by posting a notice of the application at the entrance to the property in question and by mailing a copy of the notice to the assessed owner of each abutting property and each assessed owner of property within a minimum radius of 75.0 metres (246.1 ft.) from the proposed development;
- e. The Development Officer will prepare a report concerning the application which may contain recommendations that conditions of approval be applied in accordance with of *The Act* (ss. 56);
- f. Council shall consider the application together with the reports of the Development Officer and any written or verbal submissions received per the Council Procedure Bylaw;
- g. Council may reject the application or approve the application with or without development standards or conditions in accordance with this Bylaw, including a condition limiting the length of time that the use may be conducted on the site.

3.9.2 Discretionary Use Decision

- a. The applicant shall be notified in writing of the decision of their application. The applicant shall be advised of their right to appeal any development standards or conditions attached to a discretionary use application to the Development Appeals Board. A decision by Council to reject a discretionary use or intensity of use cannot be appealed;
- b. Council's approval of a discretionary use application is valid for a period of 12 months from the date of the approval. If the proposed use or proposed form of development has not commenced within that time, the approval shall no longer be valid;
- c. Council may approve a discretionary use application for a limited time period where it is considered important to monitor and re-evaluate the proposal and its conformance with the provisions of this Bylaw;
- d. Upon approval of a discretionary use by resolution of Council, the Development Officer shall issue a development permit for the discretionary use at the location and under such development standards and conditions specified by Council in its resolution.

3.10 Development Application Fees

3.10.1 An applicant of a development application shall pay a fee according to the following schedule:

3.10.2 Costs of Advertising

In addition to the above application fees, the applicant shall be responsible for the costs of any required public advertising in accordance with this Bylaw and *The Act*.

3.10.3 Professional Application Review

The Development Officer or Council may require the application to be reviewed by planning, engineering, legal, or other professionals, with the cost of this review to be borne by the applicant.

3.10.4 Interest and Registration

Council may require development agreements, servicing agreements and other documents to be registered or caveated against affected lands, to protect municipal and public interests. The cost of the registration of an interest or caveat will be the responsibility of the applicant.

3.11 Development Appeals Board

3.11.1 Council shall appoint a Development Appeals Board consisting of a minimum three members, to hear and determine appeals in accordance with of *The Act* (ss. 214.1).

3.11.2 Right of Appeal

- a. In addition to any other right of appeal provided by *The Act* or any other Provincial legislation, a person affected may appeal to the Board if there is:
- Alleged misapplication of the Zoning Bylaw in the issuance of a development permit;
 - A refusal to issue a development permit because it would contravene the Zoning Bylaw; or
 - An issuance of a written order from the Development Officer.
- b. There is no appeal pursuant to **Section 3.12.2.a.ii** above if a development permit was refused on the basis that the use in the zoning district for which the development permit was sought:
- Is not a permitted use or a permitted intensity of use;
 - Is a discretionary use or discretionary use of intensity that has not been approved by resolution by Council; or
 - Is a prohibited use.

- c. Appellants may appeal where they are of the opinion that development standards prescribed by Council with respect to a discretionary use exceed those necessary to secure the objectives of the Zoning Bylaw;
- d. An appellant shall make the appeal pursuant to **Section 3.12.2.a** within 30 days after the date of the decision;
- e. The Development Officer shall make available to all interested persons copies of the provisions of *The Act*, respecting decisions of the Development Officer and right of appeal.

3.11.3 Development Appeals Board application fees are outline in **Section 3.10** of this Bylaw.

3.12 Minor Variance

3.12.1 Applications for a minor variance shall be made to the Development Officer, who shall review the application and issue a decision in accordance with *The Act* (ss. 60).

3.12.2 If the application does not injuriously affect the neighbouring properties, the Development Officer may grant a minor variance of up to 10% of any minimum yard setback or minimum distance between buildings or structures for either a permitted or discretionary use as specified by this Bylaw.

3.12.3 The Development Officer shall maintain a record of all minor variance applications.

3.12.4 Minor variance application fees are outlined in **Section 3.10** of this Bylaw.

3.13 Non-Conforming Buildings, Uses and Sites

3.13.1 Any use of land, building or structure lawfully existing at the time of passing this Bylaw that is rendered non-conforming by the enactment of this Bylaw or any subsequent amendments, may be continued, transferred or sold in accordance with *The Act* (ss. 88-93).

3.13.2 No enlargement, additions or reconstruction of a non-conforming use, building or structure shall be undertaken except in conformance with these provisions.

3.13.3 No existing use, building or structure shall be deemed to be non-conforming by reason only of the conversion of this Bylaw from the Metric System of Measurement to the Imperial System of Measurement where such non-conformity is resultant solely from such change and is reasonably equivalent to the metric standard herein established.

3.13.4 Where a building has been erected on or before the effective date of this Bylaw on a site having less than the minimum dimensions or area, or having less than the minimum yards required by this Bylaw, the use may be continued and the building may be enlarged, reconstructed, repaired or renovated pursuant to the rights granted by *The Act* (ss. 91-93). These rights are subject to the following:

- a. The enlargement, reconstruction, repair or renovation does not further reduce the required yards that do not conform to this Bylaw;
- b. All other applicable provisions of this Bylaw are satisfied;
- c. Issuance of a development permit required by this Bylaw.

3.14 Development Permit Validity

- 3.14.1** Unless otherwise stated on the development permit or in this Bylaw, all permits are valid for a period of twelve (12 months). This period may be extended by the Development Officer for an additional 12 months if requested in writing by the permit holder before the development permit expires.
- 3.14.2** A new development permit approval is required for a permitted or discretionary use when:
- a. The approved use ceases for a period of twelve (12) months or longer;
 - b. The use has not commenced while the development permit is valid;
 - c. A building permit, if required, has not been applied for while the development permit is valid;
 - d. There is a change in use or intensity of use; or
 - e. Significant changes are made to the development as approved.

3.15 Development Permit Cancellation

- 3.15.1** Council or the Development Officer may cancel a development permit, and when cancelled, development shall cease:
- a. Where the Development Officer or Council is satisfied that a development permit was issued based on false or mistaken information;
 - b. Where new information is identified pertaining to environmental protection, flood potential or slope instability; and/or,
 - c. When a developer requests a development permit modification.

3.16 Stop-Work

- 3.16.1** The Development Officer may authorize action to stop any development which does not conform to this Bylaw, a development or servicing agreement, a development permit or condition or an interest registered with Information Services Corporation under this Bylaw.

3.17 Bylaw Compliance

- 3.17.1** Errors and/or omissions by any person administering or required to comply with the provisions of this Bylaw do not relieve any person from liability for failure to comply with the provisions of this Bylaw.

3.18 Registering Interest

- 3.18.1** As per *The Act* (ss. 175), the municipality may register an interest based on a development levy agreement or servicing agreement in the land registry against the affected title.
- 3.18.2** On registration of an interest based on a development levy agreement or servicing agreement, the rights and privileges in the development levy agreement:
- a. Enure to the benefit of the municipality;
 - b. Run with the land and are binding on the registered owner of the land the registered owner's heirs, executors, administrators, successor and assign.

3.19 Moving & Demolition of Buildings

- 3.19.1** No building shall be moved within or into the area covered the Town without obtaining a development permit from the Development Officer.
- 3.19.2** No building shall be demolished without first obtaining a demolition permit. The Town may require a plan or proposal for the interim or long-term use of the site to be submitted before issuing a demolition permit.
- 3.19.3** A separate development permit is required for any redevelopment of the site.

3.20 Temporary Development Agreements

- 3.20.1** The Development Officer may issue a development permit for a temporary use, with specified conditions for a specified period of time, not exceeding 12 months, to accommodate developments that are temporary or seasonal for events or other temporary uses deemed appropriate by the Development Officer.
- 3.20.2** At the discretion of the Development Officer, the period of time specified for the temporary use may be extended for not more than another twelve (12) months and may not be extended more than once.
- 3.20.3** Upon expiration of the period for which the temporary use was approved, the use shall be discontinued, and all temporary structures removed.
- 3.20.4** A temporary use must meet all other requirements of this Bylaw.

3.21 Development Levy Agreements

- 3.21.1** Council may pass a development levy bylaw pursuant to *The Act* (ss. 169-170) to establish development levies to recover the capital costs of services and facilities.
- 3.21.2** As per *The Act* (ss. 171), if the Council deems it is necessary to do so, the Council or Development Officer may require the development permit applicant to enter into a development levy agreement with the municipality respecting the payment of the development levies.

3.22 Servicing Agreements

- 3.22.1** Where a development proposal involves subdivision, Council may require a developer to enter into a servicing agreement to ensure appropriate servicing pursuant to *The Act*.
- 3.22.2** In accordance with *The Act* (ss. 172-176), the agreement may provide for:
- a.** The undertaking and installation of storm sewers, sanitary sewers, drains, water mains and laterals, hydrants, sidewalks, boulevards, curbs, gutters, street lights, graded, graveled or paved streets and lanes, connections to existing services, area grading and leveling of land, street name plates, connecting and boundary streets, landscaping of parks and boulevards, public recreation facilities or other works that Council may require, including both on-site and off-site servicing; and
 - b.** The payment of fees that the Council may establish as payment in whole or in part, for the capital cost of providing, altering, expanding or upgrading sewage, water, drainage and other utility services, public highway facilities or park and recreation space and facilities located within or outside the proposed subdivision and that directly or indirectly serve the proposed subdivision.

Section 4: General Regulations

The following regulations shall apply to all zoning districts in the Bylaw.

4.1 Licenses, Permits and Compliance with Other Bylaws and Legislation

- 4.1.1 In their interpretation and application, the provisions of this Bylaw shall be held to be the minimum requirements adopted for the promotion of the public health, safety and general welfare.
- 4.1.2 Nothing in this Bylaw shall exempt any person from complying with the requirements of a building regulation Bylaw or any other Bylaw in force within the Town or law within Saskatchewan or Canada; or, from obtaining any license, permission, permit, authority or approval required by this or any other Bylaw of the Town or any law of Saskatchewan or Canada.
- 4.1.3 Where requirements in this Bylaw conflict with those of any other municipal, provincial or federal requirements, the more stringent regulation shall apply.

4.2 Principle Use Established

- 4.2.1 In any zoning district in this Bylaw, the principle use of the land must be established prior to any accessory buildings, structures or uses being permitted.

4.3 Number of Principle Buildings, Structures, or Uses on a Site

- 4.3.1 Only one (1) principle building, structure, or use shall be permitted on any one (1) site except for the following: parks; schools; hospitals; medical clinics; recreation facilities; campgrounds & RV parks; special care homes; senior citizen homes; approved dwelling groups; shopping centres; and condominium developments.
- 4.3.2 Notwithstanding anything contained in this Bylaw, where any land, building or structure is used for more than one (1) purpose, all provisions of this Bylaw relating to each use shall be complied with, but no dwelling shall be located within 3.0 metres (9.8 ft.) of any other building on the site except to a building accessory to such dwelling.
- 4.5.3 With the exception of dwelling groups, multi-unit residential buildings (e.g. duplex, triplex, fourplex, townhouse, apartment) are considered to be one (1) principle building under this Bylaw, and all other uses and buildings on the site must be accessory.

4.4 Uses Permitted in All Zoning Districts

- 4.4.1 Nothing in this Bylaw shall prevent the use of any land as a public street or public park.
- 4.4.2 Nothing in this Bylaw shall prevent the erection of any properly authorized traffic sign or signal, or any sign of notice of any local or other government department or authority.
- 4.4.3 Nothing in this Bylaw shall prevent the use of any land for the erection of buildings or structures, or the installation of other facilities essential to the operation of public works. The minimum and maximum site development standards in the zoning district schedules shall not apply to public works.

4.5 Bare Land Condominiums

- 4.5.1** Bare land condominium developments shall comply with the minimum site area, coverage, width, height and yard setbacks as stated in the residential and commercial zones.
- 4.5.2** One principle use is permitted per bare land condominium lot.
- 4.5.3** Private open space and accessory buildings and structures for joint recreational or storage use by residents of the bare land development shall be permitted, subject to all yard setback requirements of the zoning district in which it is located.
- 4.5.4** In the case where a bare land condominium subdivision is served by a private roadway, the following shall apply:
- a.** A private roadway includes a lot, bare land condominium unit, common property or portion of common property that may be created for the purpose of vehicular access and circulation throughout the subdivision or development, including any structure incidental to the roadway;
 - b.** For the sole purpose of applying the regulations of this Bylaw, a private roadway, as described in the above clause, shall be deemed to be the same as a "public roadway";
 - c.** The private roadway must allow for the safe and efficient movement of emergency vehicles and be designed to a standard acceptable to the Town of Regina Beach and/or the subdivision approving authority.

4.6 Accessory Buildings, Uses and Structures

4.6.1 General Requirements

Accessory buildings, uses and structures shall be subject to the following conditions:

- a.** Subject to all other requirements of this Bylaw, an accessory building, use or structure is permitted in any district when accessory to an established principle use which is a permitted or discretionary use in that same district, and for which a development permit has been issued.
- b.** No accessory building may be constructed, erected or moved on to any site prior to the time of construction of the principle building to which it is accessory except in the following case:
 - i.** Where a development permit has been issued for a principle building, Council shall allow the construction of the accessory building where such building is being used for the storage of construction material or equipment. If the principle building is not completed within the effective time period of the development permit for the associated principle building, the accessory building shall be removed.
- c.** Detached permanent and temporary accessory buildings, uses and structures shall be subject to the setback requirements outlined in the respective zoning district. For sites where there are topographical constraints, a reduced front, side, or rear yard setback may be considered according to **Section 3.6.6** of this Bylaw.
- d.** Private garages, carports, and other accessory buildings attached to a principal building by a substantial roof structure shall be considered as part of, and are therefore subject to the setbacks governing the principal building.
- e.** Storage sheds and temporary accessory buildings and uses shall only be single storey and not be used for sleeping or living purposes.

4.6.2 Satellite Dishes, Solar Collectors and Wind Generators

Satellite dishes, solar collectors and wind generators shall be subject to the following conditions:

- a. The installation and operation of a free-standing satellite dish, solar collector, wind charger and their supporting structures shall be permitted in all zoning districts subject to the following:
 - i. In any commercial, community service or residential district such structures shall not be located in any front yard, side yard and in the case of a corner site, in any portion of the rear yard which is within 3.0 metres (9.8 ft.) of the side property line adjacent to a flanking street unless it is screened from the flanking street to the satisfaction of the Development Officer;
 - ii. In any commercial, community service or residential district such structures, if freestanding, shall not exceed a height of 5.0 metres (16.4 ft.) above grade level;
 - iii. In any commercial, community service or residential district such structures if attached to a principle building, shall not exceed a height of 5.0 metres (16.4 ft.) above the lowest elevation of: roof surface of a flat roof; the decking of a mansard roof; and the eaves of a gable, hip or gambrel roof.
- b. A permit is required for the installation of solar collector systems mounted on a building having a face area equal to or greater than 5.0 m² (53.8 ft²). Submissions shall include:
 - i. A roof plan or wall elevation indicating the layout and spacing of the solar collectors on the roof of the building;
 - ii. Typical cross-section including, but not limited to, system height, tilt angle and attachments;
 - iii. Panel or module dimensions and manufacturers specifications including panel dead load and ballast where applicable;
 - iv. Mounting details clearly specifying panel attachment and specifications including framing reinforcement as may be required;
 - v. Verification of existing roof or wall framing components affected by the proposed installation and the ability of the affected building structural system to accommodate all loads associated with the collector and racking system including dead load, wind load and snow accumulation;
 - vi. Solar panels used for the production of heat for water shall include mechanical drawings (plumbing schematic) detailing any connection to the potable water system;
 - vii. The elevation of the panels shall not exceed the maximum height permitted for the principle building or, if mounted on an accessory building, shall not exceed the height of the accessory building.

4.6.3 Vehicle Access / Egress Points and Private Driveways

Private driveways and vehicle access / egress shall be subject to the following conditions:

- a. Vehicle access and egress must be clearly defined and shall not be continuous along any site in any zoning district with the exception of the Industrial District.
- b. The location and design of driveways and vehicle access / egress points shall have regard for vehicular and pedestrian safety; the location of servicing and utility infrastructure; and the retention of mature trees and on-street parking spaces, where possible.

4.6.4 Private Garages, Carports, Sunrooms, Solariums and Greenhouses

Private garages, carports, sunrooms, solariums and greenhouses attached to principle buildings by a substantial roof structure shall be considered as part of the principle building and shall be subject to the regulations for the principle building.

4.6.5 Home-Based Businesses

Home-Based Businesses may be approved as accessory to a residential dwelling subject to the following conditions:

- a. Home-Based Businesses will be accommodated provided that they are clearly secondary to the principle residential use of the dwelling unit, compatible with the surrounding residential area, and not of a size that provides services or products that would detrimentally affect the residential character of the neighbourhood;
- b. One (1) Home-Based Business shall be allowed per dwelling unit. Home occupations shall be conducted entirely within the dwelling or accessory building;
- c. One (1) advertising display shall be allowed on the site or premise from which the home occupation is conducted. No LED or neon signs shall be allowed;
- d. There shall be no exterior display or storage of any merchandise or material relating to the Home-Based Business;
- e. No equipment or process used in the Home-Based Business shall create dust, noise, vibration, glare, fumes, odour or air pollution that is detectable at or beyond the property line of the lot where the home occupation or business is located;
- f. The Home-Based Business shall not cause or add to on-street parking congestion or cause an increase in traffic through residential zones;
- g. No more than one (1) business vehicle, for which off-street parking is provided, shall be operated in connection with the Home-Based Business;
- h. Parking of vehicles of employees hired for off-site jobs shall not be allowed at or in the vicinity of the dwelling unit.
- i. Home-Based Businesses are subject to the condition that permission to carry out the business may be revoked at any time if, in the opinion of Council, the use is or has become detrimental to the amenities of adjoining properties and the neighbourhood.

4.6.6 Vacation Rental Dwellings

The use of any dwelling as a vacation rental shall be subject to the following conditions:

- a. A Vacation Rental Dwelling may be located within any legally approved dwelling unit or secondary, garden, or garage suite.
- b. If the Vacation Rental Dwelling is located within an owner-occupied single-detached dwelling, then one additional off-street parking space shall be provided for each guest room.
- c. The Vacation Rental Dwelling shall not change the principal residential character or external appearance of the dwelling unit. All signs are prohibited.
- d. Permission for the Vacation Rental Dwelling to operate may be revoked at any time if, in the opinion of Council, the use is or has become detrimental to the amenities of adjoining properties and the neighbourhood.

4.6.7 Recreational Vehicle Parking and Temporary Sleeping Accommodation

The parking of recreational vehicles and use as temporary sleeping accommodation shall be subject to the following conditions:

- a. Parking of recreational vehicles is prohibited in the front yard of a residential site from November 1 to March 31, inclusive.
- b. Where a residential site provides recreational vehicle parking from April 1 to October 31, the number of recreational vehicles shall not exceed two (2), and shall be parked on a driveway or parking pad in the front, side, or rear yards. No recreational vehicle shall encroach on to municipal property so as to interfere with pedestrian and vehicle traffic.
- c. One (1) of the maximum two (2) recreational vehicles referred to in **Section 4.6.7(b)** above may be an occupied motorhome, travel/camper trailer, or similar vehicle so long as:
 - i. The period of occupation does not exceed 30 days; and once the 30 day period has expired, it cannot be occupied again on the site for a period of 7 days;
 - ii. It is for the exclusive use of non-paying short term guests of the occupant of the principal dwelling located on the same site; and
 - iii. It is not occupied between November 1 to March 31, inclusive.
- d. No recreational vehicles shall be used for permanent habitation, whether or not the vehicle is mounted on wheels, in any zoning district in the municipality.
- e. Notwithstanding the above, if the principle dwelling is under construction, or undergoing renovations to an extent that renders it temporarily unliveable, the inhabitants of the dwelling may reside in the recreational vehicle for the duration of the construction or renovations. This is intended to provide people a reasonable temporary alternative while their home is unliveable and not to allow permanent or semi-permanent residents in a recreational vehicle on a lot. The allowance to live in a recreational vehicle shall expire coinciding with the expiration of the related building permit.
- f. Recreational vehicles on municipal property are permitted solely for loading or unloading.

4.6.8 Shipping Containers (or Sea/Rail Cans)

Shipping Containers may be used in the approved zoned areas subject to the following conditions:

- a. Shipping Containers are prohibited in residential zoning districts, unless used temporarily where the sole purpose is incidental to the construction or alteration of a building for which a building permit has been granted.
- b. Shipping containers serving as temporary buildings or structures shall require a development permit in accordance with **Section 3.21** of this Bylaw.
- c. No container shall be used for the purpose of a display or advertising;
- d. The units must be a minimum of 3.0 metres (9.8 ft.) from the principle building and must be located behind the rear wall of the principle building;
- e. No container may exceed 3.0 metres (9.8 ft.) in height, 2.4 metres (7.9 ft.) in width, and 12.5 metres (41.0 ft.) in length;
- f. Containers may not be stacked and shall be properly anchored.
- g. Containers are prohibited from storing junk, trash or other forms of refuse;

- h. The units must be kept in good shape and sightly as determined through inspection by Town representatives. Containers determined by the Town to be unsightly, misused, unsafe or inappropriate in any way must be removed at the owner's expense within a time period specified by the Town;
- i. Containers shall not block or obstruct any exits, windows, parking spaces, driveways or access to public utilities and/or right-of-ways;
- j. Shipping containers intended for uses other than storage shall adhere to the National Building Code and be subject to all permits and requirements applicable to that use.

4.6.9 Swimming Pools

In addition to complying with the OCP and all other requirements of this Bylaw (including the need for a geotechnical analysis report according to **Section 3.6**), swimming pools shall be subject to the requirements as outlined in Town of Regina Beach Bylaw No. 11/2012 known as *A Bylaw of the Town of Regina Beach in Respect of Private Swimming Pools*, and any amendments thereto.

4.7 Frontage for Irregular Lots

- 4.7.1 Where the site frontage is along a cul-de-sac, curve or is irregular, the minimum site frontage shall be 11.0 metres (36.1 ft.) and the mean site width shall not be less than the minimum frontage for regular sites in the same zoning district.

4.8 Permitted Yard Encroachments

- 4.8.1 Where minimum front, side or rear yards are required in any zoning district, the following yard encroachments shall be permitted:
 - a. Uncovered and open balconies, terraces, verandas, decks and patios may have a maximum projection from the main wall of 1.8 metres (5.9 ft.) into any required front or rear yard;
 - b. Window sills, roof overhangs, canopies, eaves, gutters, bay windows, chimneys and similar alterations may project a distance of 0.6 metres (2.0 ft.) into any required yard.

4.9 Side Yard Exception

- 4.9.1 For semi-detached dwellings, townhouses, rowhouses or multiple unit dwellings no side yard shall be required where dwelling units share a common party wall.

4.10 Height of Buildings

- 4.10.1 Exclusive of any chimney, antenna, satellite dish, solar panel, or any other similar protrusions that are separate from the roof structure, building height shall be measured from average grade level to the highest point of any flat, shed, hip, gable, or mansard roof, excluding eaves. As demonstrated by **Figure 2**, the average grade level is determined by taking the average between the height measured at two sides of the building, the down slope grade level of the building, and the up slope grade level of the building.

Figure 2: Determining Building Height From the Average Grade Level

4.11 Heritage Properties

- 4.11.1** Provincial and municipal heritage properties subject to preservation agreements are subject to development review processes as defined by the *Heritage Property Act*. Provincial designations are afforded special protection, and any alterations and development must be reviewed and approved by the Heritage Committees of the Province of Saskatchewan.

4.12 Signage of Natural and Human Heritage Sites

- 4.12.1** Small plaques, markers and interpretation signs will be encouraged on properties that have significant natural or human heritage resources, with the approval of the owner, and where the signage is appropriate in scale, design and placement with the site and surrounding area, and does not cause safety concerns or negatively impact the heritage value of the site.

4.13 Signage

- i. The billboard sign face height regulations shall be as follows:

<i>Maximum single face area</i>	20.0 m ² (215.3 ft ²)
<i>Maximum total face area</i>	40.0 m ² (430.6 ft ²)
<i>Maximum number of faces</i>	2
<i>Double faced signs</i>	Shall be constructed so one face is completely behind and parallel to the other face and facing the opposite direction
<i>Maximum height above grade</i>	6.0 m (19.7 ft.)

- ii. No billboard shall have flashing or intermittent light. All lighting shall be shielded from direct view from any roadway or site boundary;
- iii. Council may place special conditions on the location of the billboard on a site to protect the clear view of an intersection or a highway approach, or other directional and informational signs.

b. Converted Vehicle and Trailer Signs

- i. In considering an application for a converted vehicle or trailer sign, Council may apply specific development conditions related to:
 - Location and orientation of the sign;
 - Proximity to other signs;
 - Lighting, where the sign is to be illuminated.

4.14 Off-Street Parking and Loading Regulations

4.14.1 General Regulations

- a. No person within any district shall erect, enlarge, substantially alter or extend any building permit under this Bylaw, unless the required off-street parking and loading spaces, as indicated in each zoning district, are provided and maintained in connection with such development.
- b. When the intensity of use of any building or use is increased by the addition of dwelling units, floor area, seating capacity or other unit measurement, as specified for required parking and loading facilities, the number of parking and loading spaces shall also be increased in conformance with the provisions in this Bylaw.
- c. Whenever the existing use of a building, is changed the parking and loading spaces shall be provided as required for the new use; however, if the said building or structure was erected prior to the effective date of this Bylaw, additional parking and loading spaces are required only by the number that the requirements for the new use exceed those of the existing use.

4.14.2 For any conforming or legal non-conforming building or use which is in existence on the effective date of this Bylaw, that is damaged by fire, collapse, explosion or other cause to the extent of 50% or more of its assessed value and such building is reconstructed, repaired or re-established, off-street parking and loading facilities shall be provided in accordance with this Bylaw. Payment of Cash-In-Lieu of Required Off-Street Parking:

- a. Pursuant to *The Act*, the Development Officer may exempt any person who is required to provide off-street parking in a commercial district from the requirement of providing the off-street parking facilities, where, in lieu thereof, the developer pay or agrees to pay the municipality the sum of money calculated by multiplying the number of off-street parking spaces that would otherwise be required by \$2,500.00 per parking space.
- b. The payment of cash-in-lieu of providing off-street parking shall satisfy the off-street parking requirement for the existence of the building on the lot except where the intensity of the use is increased or where the use is changed requiring additional off-street parking. Money paid as cash-in-lieu of off-street parking will not be refunded where the intensity is decreased or the use is changed requiring less off-street parking spaces or cash paid in lieu.
- c. A person who pays, or agrees in writing to pay the required sum in lieu of providing off-street parking facilities and buildings or structures in respect of which such payment is to be made shall be treated as having met the off-street parking regulations.
- d. All such sums of monies shall be paid to the municipality prior to the issuance of a development and/or building permit.

4.15 Road Closures

4.15.1 In the event a dedicated street or lane shown is closed, the property formerly in such street or lane shall be included within the zoning district of the adjoining property on either side of such closed street or lane. If a closed street or lane is the boundary between two (2) or more different zoning districts, the new district boundaries shall be the former centre line of the closed street or lane.

4.16 Buffer Strips

4.16.1 Buffer strips are intended to improve land use compatibility and environmental quality by reducing noise, lighting glare and other nuisances, or facilitating natural drainage. Landscape buffers may be required to separate uses from adjacent properties, in which the provincial approving authority will determine the size and width of the buffer.

4.17 Landscaping

4.17.1 Developers and landowners shall, wherever possible, practice landscaping strategies that:

- a. Use native species;
- b. Avoids the removal of existing trees and vegetation to limit slope instability;
- c. Integrates stormwater management to avoid disrupting natural drainage patterns.

4.17.2 Landscaped areas must not be completely hardscaped and shall include sufficient permeable areas to reduce stormwater runoff and flooding during high rainfall or snow melt events.

4.17.3 No person shall cut or remove any tree that is not located on their own property including Town property without being granted permission by the landowner.

4.17.4 Landscaping or structures of any kind shall not obstruct vehicular or pedestrian travel within an adjacent public right-of-way.

4.17.5 As a condition of approval for a development permit pursuant, the Development Officer or Council may impose additional landscaping requirements or may require a landscape plan to be submitted that demonstrates a suitable degree of landscaping to enhance the site or provide a visual screen from an adjacent use or public right-of way, if required.

4.17.6 Any landscaping, including subsequent planting, which is required by this Bylaw or as a condition of approval for a development permit shall be maintained in a healthy growing condition or shall otherwise be replaced.

4.18 Site Grading, Levelling, & Drainage

4.18.1 In accordance with the OCP, every development shall be graded and leveled at the owner's expense to provide for adequate surface drainage that does not adversely affect adjacent properties, public right-of-ways, or the stability of the land.

4.18.2 All excavations or fills shall be re-vegetated as soon as it is practical after other construction activities permit. The new vegetation shall provide a suitable ground cover so as to prevent erosion.

4.18.3 Significant filling, raising, excavating or sloping of sites, which could potentially impact neighbouring properties, with respect to drainage or stability shall be strictly prohibited.

4.19 Fences & Retaining Walls

4.19.1 The erection of fences are subject to the regulations in each zoning district.

4.19.2 The use of barbed-wire, razor wire, or electrified fencing material shall be prohibited.

4.19.3 Retaining walls may be incorporated into the site and landscaping design to address specific topographic, drainage, geotechnical, or structural site conditions provided they do not negatively impact neighbouring properties.

4.19.4 Proposed lakeside retaining walls shall require a permit from the Saskatchewan Ministry of Environment.

4.19.5 No fence or retaining wall shall interfere with traffic sight lines through a required sight triangle according to **Section 4.20** of this Bylaw.

4.20 Sight Triangles

4.20.1 No building, structure, earth pile or vegetation in any zoning district shall obstruct the vision of drivers through a sight triangle according to the following measurements that are demonstrated in **Figure 3:**

- a. Intersection of two municipal roads: A sight triangle with a measurement of 3.0 metres (9.8 ft) from the intersection of the lot boundaries.
- b. Intersection of a municipal road and a lane: A sight triangle measuring 1.5 m (4.9 ft) from the intersection of the lot boundary and the lane.

4.20.2 Sight triangles involving a provincial highway or the railway shall be determined by the Ministry of Highways and Infrastructure (MHI).

Figure 3: Sight Triangle

4.21 Disposal of Wastes

4.21.1 Subject to all acts and regulations pertaining in any way to the storage, handling and disposal of any waste material or used item, no liquid, solid or gaseous wastes shall be allowed to be discharged into any stream, creek, river, lake, pond, slough, intermittent drainage channel or other body of water, onto or beneath the surface of any land or into the air.

4.21.2 No development or use of land which requires solid or liquid waste disposal facilities shall be permitted unless those facilities are approved by Saskatchewan Health and the Water Security Agency. Disposal of liquid, solid or gaseous waste shall be governed by acts administered by the Ministries of Agriculture, Environment, Health, and the Water Security Agency.

4.22 Solid and Liquid Waste Disposal Facilities

4.22.1 Municipal and commercial solid or liquid waste disposal facilities are subject to the following conditions:

- a. The facility will be located as near as practical to the source of waste;
- b. The facility will have undergone satisfactory review as required by provincial authorities for environmental assessment and operational design;
- c. The facilities will be located at least 457.0 metres (1,499.3 ft.) for liquid and solid waste from any residence or recreational use;
- d. The development of any new disposal sites shall take into consideration seasonal winds;
- e. Adequate precautions shall be taken to prevent pollution of ground water by disposal operations;
- f. Solid waste disposal facilities shall be developed with access from an all-weather road able to accommodate anticipated truck traffic;
- g. Council may apply special standards for screening, fencing and reclamation of the site.

Section 5: Standards for Permitted or Discretionary Uses

5.1 Terms and Conditions for Discretionary Approvals

5.1.1 This Section addresses special provisions and specific development standards that apply to the following developments. These standards apply in addition to any standards of the zoning district. In approving any discretionary use to minimize land use conflict, Council may prescribe specific development standards or criteria related to:

- a. Site drainage of storm water;
- b. The location of buildings with respect to buildings on adjacent properties;
- c. Access to, number and location of parking and loading facilities;
- d. Appropriate space for vehicle movement in order to reduce disruption of traffic flows on adjacent roadways;
- e. Control of noise, glare, dust and odour;
- f. Landscaping, screening and fencing to buffer adjacent properties;
- g. The size, shape and arrangement of buildings, and the placement and arrangement of lighting and signs;
- h. Prescribed specified time limits for a use that is intended to be temporary or to allow Council to monitor the impact of a use on surrounding development;
- i. Intensity of use.

5.2 General Discretionary Use Evaluation Criteria

5.2.1 Council will apply the following general criteria, and where applicable, the specific criteria found in the respective zoning district, in the assessment of the suitability of a proposed discretionary use:

- a. The proposal must be in conformance with all relevant sections of the OCP , this Bylaw, and any other applicable Town policies and regulations;
- b. The proposal must demonstrate that it will maintain the character, density and purpose of the applicable zoning district and surrounding area, where necessary through the provision of buffer areas and or mandatory screening;
- c. The proposal must be capable of being economically serviced by community infrastructure including roadways, water and wastewater services, solid waste disposal, parks, schools, other community facilities and utilities;
- d. The proposal must be suitable for the proposed site and shall not be detrimental to the health, safety, convenience, or general welfare of Town residents, workers, or visitors;
- e. The proposal shall provide sufficient landscaping and screening, and, wherever possible, preserve existing vegetation;

- f. The proposal must demonstrate that any additional traffic generated by the use can be adequately provided for in the existing parking and access arrangements. Where this is not possible further appropriate provisions shall be made so as to ensure no adverse parking or access effects occur;
- g. Consideration will be given to the impact (traffic, noise, etc.) of the proposed use and related activities on the surrounding area, including the cumulative effect given the impact of existing uses and activities already occurring on the site or general area;
- h. Consideration will be given to addressing pedestrian safety and convenience both within the site, and in terms of its connectivity to the surrounding area;
- i. The proposal shall not unduly interfere with planned future growth and development of the community and shall not create an undue burden on Town finances; and
- j. All operations must comply with all provincial regulations including those related to Public Health, Environment, Labour Relations and Worker Safety, etc.

5.3 Modular and Mobile Dwellings

5.3.1 Modular and Mobile Dwellings are subject to the following conditions:

- a. In any zoning district where a single-detached dwelling is allowed, the dwelling may be in the form of a Modular or Mobile Dwelling, but not a Park Model or Trailer Coach.
- b. Modular and Mobile Dwellings must be new, or deemed to be of suitable age and condition as determined by the Development Officer or Council.
- c. Modular and Mobile Dwellings shall complement neighbouring properties and shall not detract from the character of the area.
- d. Modular and Mobile Dwellings shall be placed on a permanent foundation to a standard comparable to a conventional detached dwelling. If the lot is determined not to be suitable for a permanent structure by a engineered geotechnical report, then non-permanent foundations may be used such as piers or concrete blocks.
- e. Modular and Mobile Dwellings shall be connected to Town water services, an approved holding tank for wastewater, and any other public utilities that may be acquired by the owner or occupant of the dwelling.
- f. Modular and Mobile dwellings shall bear the applicable Canadian Standards Association (CSA) certification and shall meet the requirements of the National Building Code and Town Building Bylaw.

5.4 Secondary Suites

5.4.1 Secondary suites are subject to the following conditions:

- a. Secondary suites may be constructed within a principle, single detached dwelling in a residential zoning district. Only one (1) secondary suite is permitted on each residential site;
- b. Secondary suites must be located within the principle dwelling and must have a separate entrance from the principle dwelling either from a common indoor landing or directly from the exterior of the building. Secondary suites must contain cooking, eating, living, sleeping and sanitary facilities;

- c. Secondary suites shall have a maximum of two (2) bedrooms and the total floor area of the suite may not exceed 83.6 m² (900 ft²) or 50% of the total floor area of the principal dwelling, whichever is less.

5.5 Garage and Garden Suites

5.5.1 Garage and garden suites are subject to the following conditions:

- a. Garage and garden suites will be considered accessory to the principle permitted dwelling;
- b. No more than one (1) garage or garden suite shall be allowed per site;
- c. Garage and garden suites must meet all requirements as outlined in the general regulations and the respective zoning district;
- d. Garage and garden suites must meet all relevant building, plumbing and development codes and will be regulated by the Town's building permit and inspection process;
- e. Garage suites may be located on the ground level or second storey of a building where the main storey is used as a private garage;
- f. All garage and garden suites must be in accordance with the National Building Code;
- g. Basements are not permitted in any garage or garden suite;
- h. The garage or garden suite must be hooked up to the water and sewer service of the principle dwelling;
- i. Other services, i.e. electrical, natural gas, cable and telephone, may be connected either to the services of the principle dwelling or be separate services;
- j. Service cables including electrical, telephone and television are to be buried underground if underground servicing is normal practice in the neighbourhood where the garage or garden suite is located;
- k. The location of a garage or garden suite and the site grading must allow for proper drainage of the site.

5.6 Multi-Unit Dwellings (3 or more dwelling units)

5.6.1 Multi-unit dwellings are subject to the following conditions:

- a. Where listed as permitted or discretionary, multiple-unit dwellings with three (3) or more dwelling units such as triplexes, fourplexes, townhouses, dwelling groups, or apartment buildings may be allowed subject to the Town Building Bylaw, the National Building Code of Canada, and all relevant provisions of this Bylaw.
- b. Preferred locations for multi-unit dwellings shall be corner sites or sites adjacent to public parks and open spaces.

5.7 Bed and Breakfast Homes

5.7.1 Bed and breakfast homes are subject to the following conditions:

- a. Bed and breakfast homes shall be located in a single detached dwelling used as the operator's principle residence;
- b. The only meal to be provided to registered guests shall be breakfast. No food preparation or cooking for guests shall be conducted within any bedroom made available for rent. All facilities shall meet public health regulations and be kept in a manner satisfactory to the Health Authority;
- c. The operation of the bed and breakfast home shall be subordinate and incidental to the principle use of a single detached dwelling as an owner occupied residence;
- d. No one other than the occupant and their immediate family members may be involved or employed in the management of the bed and breakfast home.

5.8 Daycare Centres and Pre-Schools

5.8.1 Daycare centres and pre-schools are subject to the following conditions:

- a. Daycare centres and pre-schools may be approved as an accessory use or as a principle use;
- b. In any residential district, no exterior alterations shall be undertaken to a dwelling or former dwelling which would be inconsistent with the residential character of the building or property; Required parking spaces may be located in a required front yard setback.

5.9 Residential Care Homes

5.9.1 Residential care homes are subject to the following conditions:

- a. Residential care homes may be approved as an accessory use or as a principle use provided the required provincial licenses are obtained and it operates in conformity with the applicable provincial act and regulations;
- b. In any residential district, no exterior alterations shall be undertaken to a dwelling or former dwelling which would be inconsistent with the residential character of the building or property;
- c. No building or structure used for the purpose of a residential care home shall be used for the purpose of keeping boarders or lodgers; and
- d. Required parking spaces may be located in a required front yard setback.

5.10 Campgrounds

5.10.1 Campgrounds are subject to the following conditions:

- a. The operator of a campground shall provide the Development Officer with a plan of the campground, identifying any buildings, uses of land and the location of all roadways and trailer coach or tent campsites with dimensions. The addition or rearrangement of campsites, the construction or moving of buildings, and material change in use of portions of land, or the filling or clearing of land shall require a development permit, and the operator shall submit for approval an amended plan incorporating the development;
- b. A campground shall have within its boundaries, a landscaped buffer area abutting the boundary of not less than 4.5 metres (14.8 ft.) which shall contain no buildings;
- c. The operator of a campground shall designate a campsite for each trailer coach or tent party at a size that is satisfactory to the development officer.

- d. All campsites shall be adequately buffered from each other, clearly marked with a total area no less than 125 m² (1,345.5 ft²). Each trailer coach shall be located at least 3.0 metres (9.8 ft) from any other trailer coach.
- e. Each campsite shall have direct and convenient access to a developed roadway, which is not located in any required buffer area. The space provided for roadways within a campground shall be at least 7.5 metres (24.6 ft.) in width.
- f. No portion of any campsite shall be located within a roadway or required buffer area;
- g. A campground may include as accessory uses:
 - i. A laundromat, washroom/shower facilities, and convenience retail designed to meet the needs of campground occupants.
 - ii. Recreational facilities such as swimming pools, trails, mini-golf courses, and other outdoor or indoor facilities designed to provide leisure and amenity to campground occupants.
- h. One single detached dwelling may be provided for the accommodation of the campground owner, operator, or manager.
- i. The development and operations of all campgrounds shall comply with *The Public Accommodation Regulations*, *The Public Health Act*, and any other relevant Provincial requirements.

5.11 Above-Ground Fuel Storage Tanks

5.11.1 Above-ground fuel storage tanks are subject to the following conditions:

- a. Above-ground fuel storage tanks shall meet all of the standards and regulations as required by *The Hazardous Substances and Waste Dangerous Goods Regulations* and any other provincial and federal regulations and codes.

5.12 Wind Energy Facilities

5.12.1 Wind energy facilities are subject to the following conditions:

- a. All buildings and structures shall be set back at least 90.0 metres (295.3 ft.) from an intersection of any municipal road allowance, or provincial highway or such greater distance as required by the Department of Highways;
- b. The setback related to municipal road allowances and the wind energy generator (turbine) shall be no less than the length of the blade plus 10.0 metres (32.8 ft.);
- c. The minimum site size for the allowance of any wind energy facility shall be 2.02 hectares (5 acres);
- d. The setback from the property line of a non-participating landowner to a wind energy generator (turbine) shall be no less than the length of the blade plus 10.0 metres (32.8 ft.), or a minimum of 38.0 metres (124.7 ft.), unless otherwise agreed to by the landowner, developer and the municipality;
- e. The separation distance from a wind energy generator (turbine) to a residential acreage or residential subdivision shall be a minimum distance of 550.0 metres (1,804.5 ft.);

- f.** The maximum total tower height shall be:
 - i.** 6.0 metres (19.7 ft.) above grade level in an industrial zoning district and the maximum noise standard shall not exceed 40 decibels;
 - ii.** 45.0 metres (147.6 ft.) above grade level in the community service or future urban development zoning district.
- g.** Approaches for access roads to the wind energy facilities must be perpendicular to established road allowances;
- h.** All infrastructure, roads and accesses required to facilitate the implementation of the wind energy facilities shall be proposed by the developer as part of the development permit application;
- i.** Any proposed development within a municipal road allowance, i.e. underground lines or overhead poles/lines, must be proposed by the developer as part of the development permit application;
- j.** The developer is required to enter into a road use agreement with the municipality for the construction period to ensure roads are maintained in condition agreeable by both parties;
- k.** The wind energy generator (turbine) shall have no restrictions on colour or height;
- l.** Substations are required to be fenced. All wind energy facilities shall be enclosed within a locked protective chain link fence of a minimum height of 1.9 metres (6.2 ft.) and the design shall be included in the development permit application;
- m.** Development and building permit applications for wind energy facilities shall include either a manufacturer's engineering certificate of structural safety or certification of structural safety via a Professional Engineer of Saskatchewan;
- n.** Sites having potentially dangerous or hazardous developments shall have visible signs stating any potential dangers. No hazardous waste shall be stored on the site;
- o.** Council, at its discretion, may seek approval of this development from both internal and external referral agencies.

Section 6: Zoning Districts and Map

6.1 Zoning Districts

- 6.1.1** For the purpose of this Bylaw, the Town of Regina Beach is divided into several zoning districts that may be referred to by the appropriate symbols. The uses or forms of development allowed within a zoning district, along with the regulations or standards which apply, are provided in the district sections that follow.

R1 Residential Low District	R2 Residential Medium District	RMH Residential Mobile Home District	C1 Town Commercial District	C2 Highway Commercial District
M Industrial District	CS Community Service District	CR Commercial Recreation District	FUD Future Urban Development District	FH Flood Hazard Overlay

6.2 The Zoning District Map

- 6.2.1** The map enclosed herein as Appendix "A", adopted by Council and signed by the Mayor and by the Town Chief Administrative Officer under the seal of the Town, shall be known as the "Zoning District Map", and such map is hereby declared to be an integral part of this Bylaw.

6.3 Boundaries of the Zoning Districts

- 6.3.1** The boundaries of the districts referred to in this Bylaw, together with an explanatory legend, notations and reference to this Bylaw, are shown on the map entitled, "Zoning District Map".
- 6.3.2** Unless otherwise shown, the boundaries of zoning districts are site lines, centre lines of streets, lanes, road allowances or such lines extended, and the boundaries of the municipality.

6.4 Holding Designation

- 6.4.1** Where on the Zoning District Map the symbol for a zoning district has suffixed to it the holding symbol "H"; any lands so designated on the map shall be subject to a holding provision in accordance with *The Act* (ss. 71).
- 6.4.2** Any lands subject to a holding provision shall only be used for the following uses:
- Those uses existing on the land when the "H" is applied;
 - Public works.

Section 7: Residential Low District (R1)

The purpose of the Residential Low District (R1) is to provide for low density (primarily single detached dwellings) and related recreational and institutional uses. No person shall within any R1 District use any land or erect, alter or use any building or structure, except in accordance with the following provisions:

7.1 Permitted Uses

The Development Officer shall consider a development permit for the following uses subject to the application process in **Section 3.0** of this Bylaw:

7.1.1 Principle Uses

- a. One (1) single detached dwelling including Modular Dwellings (refer to Section 5.3)
- b. Public playgrounds.

7.1.2 Accessory Uses

- a. Uses, buildings and structures that are customarily accessory to and located on the same site as an approved principle use (refer to Section 4.6 and 7.4).
- b. Home-based businesses (refer to Section 4.6.5).
- c. Vacation rental dwellings (refer to Section 4.6.6).

7.1.3 Public Works and Municipal Facilities

- a. Public works, buildings and structures excluding offices, warehouses, storage yards and waste management or sewage facilities.

7.2 Discretionary Uses

Council shall consider a development permit for the following uses subject to the application process in **Section 3.0** of this Bylaw:

7.2.1 Principle Uses

- a. Mobile dwellings (refer to Section 5.3).
- b. Bare land condominiums (refer to Section 4.5).
- a. Daycare centres (refer to Section 5.9).
- b. Residential care homes (refer to Section 5.9).

7.2.2 Accessory Uses

- a. Secondary suites (refer to Section 5.4).
- b. Garage and garden suites (refer to Section 5.5).
- c. Bed and breakfast homes (refer to Section 5.7).

7.3 Site Development Standards

7.3.1 The following site development standards shall apply in the R1 District:

Permitted & Discretionary Uses	<i>Single Detached Dwelling (includes Modular Dwellings)</i>	<i>Public Playgrounds</i>
<i>Minimum site area</i>	404.7 m ² (4,356.0 ft ²)	No minimum
<i>Minimum floor area</i>	46.5 m ² (500.5 ft ²)	No minimum
<i>Minimum site frontage</i>	<i>Rectangular lots:</i> 10.05 m (33.0 ft.). <i>Non-rectangular lots:</i> 11.0 m (36.1 ft.) with a mean width of 15.0 m (49.2 ft.) over the first 30.0 m (98.4 ft.) measured from the front lot line where there is a lane, otherwise 15 m (49.2 ft.) with a mean width of 18 m (59.1 ft.) measured from the front lot line.	No minimum
<i>Maximum height</i>	9.1 m (30.0 ft.)	No maximum
<i>Maximum site coverage</i>	60%	No maximum
<i>Minimum front yard</i>	4.5 m (14.8 ft.)	No minimum
<i>Minimum rear yard</i>	5.0 m (16.4 ft.)	No minimum
<i>Minimum side yard</i>	1.5 m (4.9 ft.), except that for a corner lot where access to an attached garage is obtained from a flankage street, the minimum side yard shall be 3.0 m (9.8 ft.)	4.5 m (14.8 ft.) where the side lot line abuts a street or lane

7.4 Accessory Buildings and Structures

7.4.1 Accessory buildings and structures shall be subject to the following standards and conditions:

<i>Maximum floor area</i>	120.0 m ² (1,291.7 ft ²)
<i>Minimum front yard</i>	4.5 m (14.8 ft.)
<i>Minimum rear yard</i>	1.5 m (4.9 ft.)
<i>Minimum side yard</i>	1.0 m (3.3 ft.); or 1.5 m (4.9 ft.) for a private detached garage. In the case of a corner lot where access to the structure is obtained from the flankage street, structures shall maintain a minimum side yard of 1.5 m (4.9 ft.) to the flankage street, unless access is to a private garage then 3.0 m (9.8 ft.) is required. No structure shall have a projection greater than 0.6 m (2.0 ft.) beyond the main wall.
<i>Minimum setback from principle building</i>	1.2 m (3.9 ft.)
<i>Maximum height</i>	6.0 m (19.7 ft.)

- a. Accessory uses or structures shall not be located in a required setback unless stated elsewhere in the Zoning Bylaw;
- b. Garages, carports and accessory buildings attached to a principle building by a substantial roof structure shall be considered as part of the principle building and subject to the regulations of the principle building and shall not exceed the maximum total floor area of 120 m² (1,291.7 ft²);
- c. A carport, consisting of a roof and supporting columns or structures which are not permanent walls, is permitted to encroach into any required side yard as long as the supporting structures are set back a minimum of 0.6 metres (2.0 ft.) from the side lot line and the roof does not project past the side lot line;

- d. With the exception of a detached garage, no detached or attached structure, including an attached garage or deck, shall have a total floor area greater than the main floor area of the principle building. In calculating the main floor area of a principle building, the area of an attached garage shall be excluded;
- e. Pursuant to **Section 4.6.8**, one (1) shipping container is permitted in a rear or side yard for temporary storage use up to a maximum of 12 months. Extensions may be permitted after the 12 months upon request.
- f. A maximum of one (1) temporary, fabric covered structure consisting of wood, metal or plastic framing covered on the roof and one (1) or more sides with fabric, plastic, vinyl or other sheet material shall be permitted pursuant to **Section 3.20** of this Bylaw.

7.5 Fence and Hedge Heights

7.5.1 Subject to traffic sight lines, the following height limitations shall apply to fences, walls chain-link fences and hedges:

- a. No wall or fence located along any lot line shall exceed 2.0 metres (6.5 ft.) in height;
- b. No hedge, fence or other structure shall be erected past any property line;
- c. In the case of a corner lot, no wall, fence, hedge, shrub or tree shall exceed 1.0 metre (3.3 ft.) in height measured above the grade of the streets that abut the lot or site, in an intersection sight triangle;
- d. Fencing materials permitted within residential zoning districts include the following: wood; vinyl; chain link; brick stone; or, wrought iron.

7.6 Signage

In addition to the signage requirements outlined in **Section 4.13**, the following requirements apply:

- 7.6.1** One (1) wall sign is permitted for a dwelling having a maximum facial area as follows:
 - a. Multiple unit dwellings – 0.2 m² (2.2 ft²); and
 - b. All other dwellings – 0.2 m² (2.2 ft²).
- 7.6.2** Free-standing signs shall be located at least 3.0 m (9.8 ft.) from any lot line and not be located in a sight triangle.
- 7.6.3** One (1) real estate sign not exceeding 1.0 m² (11.0 ft²) in area to a maximum height of 2.5 m (8.2 ft.) in height.
- 7.6.4** Trailer signs are prohibited in the R1 District.
- 7.6.5** All signs shall be located wholly within the lot and shall not create visual obstructions or jeopardize public safety.
- 7.6.6** In the case of a home occupation, an additional permanent sign is permitted in a window of the dwelling or attached to the building.

7.7 Parking

7.7.1 Pursuant to **Section 4.14**, off-street parking requirements shall be provided in accordance with the following:

<i>Single detached, modular and mobile dwellings, bare land condominiums</i>	1 space per dwelling
<i>Secondary suites, garage suites, or garden suites</i>	1 space in addition to 1 provided for the principle dwelling
<i>Public works</i>	No requirements
<i>Public playgrounds</i>	No requirements
<i>Daycare centres and pre-schools</i>	1 space plus 1 additional space for every 10 persons enrolled in the facility
<i>Bed and breakfast</i>	1 per guest bedroom

7.7.2 The parking and temporary occupation of Recreational Vehicles shall be provided in accordance with **Section 4.6.7**.

7.8 Outdoor Storage

7.8.1 No outdoor storage shall be permitted in the required front yard setback of any residential site.

7.8.2 Council may apply special standards as a condition or for a discretionary use approval regarding the location of areas used for storage for that use.

7.8.3 No yard shall be used for the storage or collection of hazardous material.

7.8.4 Council may require additional standards for the location, setback or screening of any area devoted to the outdoor storage of vehicles, operating equipment and machinery normally used for the maintenance of the residential property, vehicles or vehicular parts, or machinery.

7.8.5 Provision shall be made for the owner of the property with improvements to temporarily display a maximum of either two (2) vehicles or recreational vehicles that are for sale at any given point in time.

7.8.6 The following storage regulations shall apply for empty lots:

- a. Temporary parking of vehicles and utility trailers registered to the property owner or immediate family is permitted;
- b. Temporary storage of a maximum of two (2) recreational vehicles is permitted, one (1) of which may be an unoccupied motorhome, travel/camper trailer, or similar vehicle registered to the property owner or immediate family.
- c. The occupation of motorhomes, travel/camper trailers, or similar vehicles on empty lots is prohibited.
- d. Commercial activity (sale of items, rental of space) is prohibited;
- e. Lot must be kept tidy as per the Nuisance Bylaw;
- f. One accessory building under 9.29 m² (100 ft²) that is used for the sole purpose of storing yard maintenance equipment is permitted but shall be setback a minimum 3.0 metres (9.8 ft.) from all site lines;

7.9 Discretionary Use Evaluation Criteria

- 7.9.1** Council will evaluate development permit applications for discretionary uses according to the general discretionary use evaluation criteria in **Section 5.2** of this Bylaw and may apply development standards conditions to ensure compliance with said criteria or any other provisions of this Bylaw.
- 7.9.2** All discretionary uses shall maintain the residential character of the area as much as possible.
- 7.9.3** Off-street parking spaces for daycare centres and residential care facilities shall be located in a side or rear yard and be screened if they are adjacent to a site used for residential purposes.

Section 8: Residential Medium District (R2)

The purpose of the Residential Low District (R2) is to accommodate a variety of high density residential development including single-detached residences, semi-detached residences, townhouses and multi-unit dwellings. No person shall within any R2 District use any land or erect, alter or use any building or structure, except in accordance with the following provisions:

In addition to the signage requirements outlined in **Section 4.13**, the following requirements apply:

- 10.6.1** Advertising signs in the C1 District may be illuminated by direct or indirect lighting and the lights may project different colours and may be intermittent.
- 10.6.2** Illuminated signs shall have an internal light source or an external light source shielded so that the light is directed at the face of the sign.
- 10.6.3** All signs shall provide a minimum clearance of 2.5 m (8.2 ft.) between the bottom of the sign and a street or sidewalk.
- 10.6.4** All signs shall be located wholly within the lot lines of the lot in which they are located, except for signs located in the C1 District.
- 10.6.5** Signs shall be located a minimum distance of 1.0 m (3.3 ft.) from any lot line.
- 10.6.6** Specific sign regulations are as follows:
 - a.** Except as may be permitted by the Development Officer, a sign shall not be located or encroach onto a public roadway, boulevard or sidewalk;
 - b.** Signs related to construction shall not be located or erected for a period greater than 14 days;
 - c.** The maximum height of a sign shall be 6.0 m (19.7 ft.) above the ground;
 - d.** The maximum sign facial area shall not exceed 1.2 m² (12.9 ft²) for A-Board signs and 3.5 m² (37.7 ft²) for all other signs.

10.7 Parking

10.7.1 Pursuant to **Section 4.14**, off-street parking requirements shall be provided in accordance with the following:

<i>Stores, mixed use developments, and offices</i>	1 parking space for each 75.0 m ² (807.3 ft ²) of gross floor area
<i>Restaurants, other eating places</i>	1 parking space for every 10 seats provided for patrons
<i>Theatres, places of assembly</i>	1 parking space for every 10 seats provided for patrons
<i>Motels or hotels</i>	1 parking space for each unit
<i>Service Stations</i>	1 1/2 parking spaces for each service bay
<i>All other uses</i>	1 parking space for each 75.0 m ² (807.3 ft ²) of building floor area

10.8 Landscaping & Screening

10.8.1 Where a site abuts any residential district without an intervening lane, there shall be a landscaped strip adjacent to the abutting site line of not less than 1.5 metres (4.9 ft.) in width throughout which shall not be used for any purpose except landscaping.

10.8.2 Any directly adjacent site zoned a residential district shall be suitably screened, whether by a fence or by sufficient landscaping, to a minimum height of 3.0 metres (9.8 ft).

10.9 Discretionary Use Evaluation Criteria

10.9.1 Council will evaluate development permit applications for discretionary uses according to the general discretionary use evaluation criteria in **Section 5.2** of this Bylaw and may apply development standards conditions to ensure compliance with said criteria or any other provisions of this Bylaw.

10.9.2 Specific discretionary use evaluation criteria for mixed use developments:

- a. Appropriate access from major streets to the development and development will not cause excessive traffic through existing residential areas;
- b. Locations on major streets, on corner parcels, and at the periphery of the neighbourhood are preferred;
- c. The developer of the business may be required to provide a fence or other buffer to an abutting use.

10.9.3 Specific discretionary use evaluation criteria for strip malls:

- a. Council will favorably consider the proposed use where it can be demonstrated that it is primarily for pedestrian use and accessible to the public from both the street and from the development;
- b. Council will consider the appropriate separation to other uses that may be incompatible with strip mall retail and service activities;
- c. Council will consider the potential uses and street access to the site when making a discretionary use decision on a proposed strip mall. Ingress and egress points shall be designed to minimize conflict with adjacent land uses and not pose a safety hazard; and
- d. Other criteria may include street façade, main street entrance, windows along the street and the relaxation of on-site parking requirements.

10.9.4 Specific discretionary use evaluation criteria for lumber yards and wholesale trades:

- a. Development of these uses on other than the existing sites will be encouraged to locate on vacant land with adequate space.

10.9.5 Specific discretionary use evaluation criteria for building supply establishments, construction trades, light manufacturing, welding and machine shops:

- a. The location of the use will only be favourably considered where it can be demonstrated that the use and intensity is appropriate to the site and that it will have minimal impact on surrounding adjacent areas. Consideration may be given, though not limited to, the following effects:
 - i. Municipal servicing capacity;
 - ii. Anticipated levels of noise, odour, smoke, fumes, dust, lighting, glare, vibration and other emissions emanating from the operation;
 - iii. Anticipated increased levels or types of vehicle traffic, unsafe conditions or situations for vehicles, cyclists or pedestrians;
 - iv. Utilization of hazardous substances.
- b. Consideration shall be given to the location of entry and exit points to the site and their interrelation with existing intersections or land constraints.

10.9.6 Specific discretionary use evaluation criteria for funeral homes:

- a. Council shall favourably consider the location of the proposed use on a lot that abuts a major (primary or secondary) street, as identified in the Official Community Plan "Transportation Hierarchy" Reference Map.

10.9.7 Sites used for discretionary uses which may result in heavy truck traffic shall be located to ensure that such traffic takes an access to or from major streets or designated truck routes.

10.9.8 All operations related to construction trades, artisans and craft shop offices shall be conducted within an enclosed building. No exterior storage of materials, goods or waste products is permitted, except within a waste disposal bin for collection.

Section 11: Highway Commercial District (C2)

The purpose of the Highway Commercial District (C2) is to facilitate a wide range of commercial and related activities located along the Highway. No person shall within any C2 District use any land, or erect, alter or use any building or structure except in accordance with the following provisions:

- j. Fertilizer sales and storage.

11.2.2 Accessory Uses

- a. One (1) accessory dwelling unit for caretakers, owners, or managers attached to or within an approved use.

11.3 Site Development Standards

11.3.1 The following site development standards shall apply in the C2 District:

Permitted & Discretionary Uses	Service Stations	All Other Uses
<i>Minimum site area</i>	929.0 m ² (9,999.7 ft ²)	500.0 m ² (5,382 ft ²)
<i>Minimum site frontage</i>	30.5 m (100.1 ft.)	15.0 m (49.2 ft.)
<i>Maximum height</i>	13 m (42.7 ft)	15.0 m (49.2 ft.)
<i>Maximum site coverage</i>	75%	75%
<i>Minimum front yard</i>	7.5 m (24.6 ft.)	6.0 m (19.7 ft.)
<i>Minimum rear yard</i>	5.0 m (16.4 ft.)	3.0 m (9.8 ft.)
<i>Minimum side yard</i>	5.0 m (16.4 ft.)	3.0 m (9.8 ft.)

11.4 Accessory Buildings and Structures

11.4.1 Setbacks for accessory buildings shall meet the same requirements as the principle use or building.

11.4.2 A maximum of two mobile storage containers are permitted in a rear or side yard for temporary storage use up to a maximum of 12 months. Extensions may be permitted after the 12 months upon request to the municipality.

11.4.3 Temporary, fabric covered structures consisting of wood, metal or plastic framing covered on the roof and one (1) or more sides with fabric, plastic, vinyl or other sheet material shall be permitted in a rear or side yard.

11.5 Fence and Hedge Heights

11.5.1 No hedge, fence or other structure shall be erected past any property line.

11.5.2 No fence in a highway commercial district shall exceed 2.4 metres (7.9 ft.).

11.5.3 No barbed wire or razor wire fences shall be allowed in the C2 District.

11.6 Landscaping & Screening

11.6.1 A landscaped strip of not less than 1.5 metres (4.9 ft.) in width throughout lying parallel and abutting the front site line shall be provided on every site.

11.6.2 On corner lots, in addition to the landscaping required in the front yard, the whole of any required side yard abutting the flanking street shall be landscaped.

11.6.3 Where a site abuts any residential district without an intervening lane, there shall be a landscaped strip adjacent to the abutting site line of not less than 3.0 metres (9.8 ft.) in width throughout which shall not be used for any purpose except landscaping.

11.6.4 Any directly adjacent site zoned a residential district shall be suitably screened, whether by a fence or by sufficient landscaping, to a minimum height of 3.0 metres (9.8 ft.).

11.7 Signage

In addition to the signage requirements outlined in **Section 4.13**, the following requirements apply:

- 11.7.1** Advertising signs in the C2 District may be illuminated by direct or indirect lighting and the lights may project different colours and may be intermittent.
- 11.7.2** Illuminated signs shall have an internal light source or an external light source shielded so that the light is directed at the face of the sign.
- 11.7.3** All signs shall provide a minimum clearance of 2.5 m (8.2 ft.) between the bottom of the sign and a street or sidewalk.
- 11.7.4** All signs shall be located wholly within the lot lines of the lot in which they are located.
- 11.7.5** Signs shall be located a minimum distance of 1.0 m (3.3 ft.) from any lot line.
- 11.7.6** Specific sign regulations are as follows:
 - a. Except as may be permitted by the Development Officer, a sign shall not be located or encroach onto a public roadway, boulevard or sidewalk;
 - b. Signs related to construction shall not be located or erected for a period greater than fourteen (14) days;
 - c. The maximum height of a sign shall be 6.0 m (19.7 ft.) above the ground;
 - d. The maximum sign facial area shall not exceed 1.2 m² (12.9 ft²) for A-Board signs and 3.5 m² (37.7 ft²) for all other signs.

11.8 Parking

11.8.1 Pursuant to **Section 4.14**, off-street parking requirements shall be provided in accordance with the following:

<i>Strip malls</i>	1 parking space for each 50.0 m ² (538.2 ft ²) of floor area
<i>Stores, mixed use developments, and offices</i>	1 parking space for every 50.0 m ² (538.2 ft ²) of gross floor area
<i>Restaurants, other eating places</i>	1 parking space for every 10 seats provided for patrons
<i>Motels, motor hotels or rooming houses</i>	1 parking space for each unit
<i>Service stations</i>	1 1/2 parking spaces for each service bay
<i>All other uses</i>	1 parking space for each 75.0 m ² (807.3 ft ²) of building floor area

11.9 Loading Requirements

- 11.9.1** Where the use of a building or site involves the receipt, distribution or dispatch by vehicles of materials, goods or merchandise, adequate space for such vehicles to stand for loading and unloading without restricting access to all parts of the site shall be provided on the site. The minimum area of an individual loading space shall be 17.0 m² (183.0 ft²).

11.10 Outdoor Storage

- 11.10.1** No outdoor storage shall be permitted in the required front yard setback of any commercial or industrial site. No yard shall be used for the storage or collection of hazardous material.

- 11.10.2** Council may apply special standards as a condition or for a discretionary use approval regarding the location of areas used for storage for that use.
- 11.10.3** Council may require special standards for the location setback or screening of any area devoted to the outdoor storage of vehicles in operating condition, equipment and machinery normally used for the maintenance of the property, vehicles or vehicular parts.
- 11.10.4** All outside storage shall be fenced and where the area abuts a residential area all junk yards or auto wrecking yards shall be totally enclosed by a sturdy fence built to a minimum height of 2.0 metres (6.6 ft.) and constructed of material suitable to conceal from view the materials stored on site. No materials shall be stacked above the height of the fence.
- 11.10.5** All automobile parts, dismantled vehicles, storage drums and crates, stockpiled material, and similar articles and materials shall be stored within a building or suitably screened from public view.

11.11 Discretionary Use Evaluation Criteria

- 11.11.1** Council will evaluate development permit applications for discretionary uses according to the general discretionary use evaluation criteria in **Section 5.2** of this Bylaw and may apply development standards conditions to ensure compliance with said criteria or any other provisions of this Bylaw.
- 11.11.2** Specific discretionary use evaluation criteria for commercial greenhouses, construction trades and contractor's yards, shops of plumbers, pipe fitters, metal workers, other industrial trades, manufacturing and sales and auto body shops:
- a. The location of the use will only be favourably considered where it can be demonstrated that the use and intensity is appropriate to the site and that it will have minimal impact on surrounding adjacent areas. Consideration may be given, though not limited to, the following effects:
 - i. Municipal servicing capacity;
 - ii. Anticipated levels of noise, odour, smoke, fumes, dust, lighting, glare, vibration and other emissions emanating from the operation;
 - iii. Anticipated increased levels or types of vehicle traffic, unsafe conditions for vehicles, cyclists or pedestrians;
 - iv. Utilization of hazardous substances.
 - b. Consideration shall be given to the location of entry and exit points to the site and their interrelation with existing intersections or land constraints.
- 11.11.3** Specific discretionary use evaluation criteria for agriculture implement, motor vehicle, recreational vehicle and/or mobile home sales storage compound, and semi-trailer and container parking lots including mobile storage containers:
- a. Council will favourably consider the proposed use where it is located in an area of low-visibility, and screened to avoid any adverse visual impact.
- 11.11.4** Sites used for discretionary uses which may result in heavy truck traffic shall be located to ensure that such traffic takes access to or from major streets or designated truck routes.

Section 12: Industrial District (M)

The purpose of the Industrial District (M) is to provide areas for industrial activities which have moderate potential for conflict with adjacent land uses and rely on access to prime traffic routes. No person shall within any M District use any land, or erect, alter or use any building or structure except in accordance with the following provisions:

12.1 Permitted Uses

The Development Officer shall consider a development permit for the following uses subject to the application process in **Section 3.0** of this Bylaw:

<i>Minimum site frontage</i>	60.0 m (196.9 ft.) abutting a highway or 6.0 m (19.7 ft.) abutting a street
<i>Minimum front yard</i>	15.0 m (49.2 ft.) unless the property abuts a municipal road, then the setback is 60.0 m (196.9 ft.) from the centerline of the municipal road
<i>Minimum rear yard</i>	10.0 m (32.8 ft.) for buildings accessory thereto except that the minimum rear yard abutting a public street shall be 30.0 m (98.4 ft.)
<i>Minimum side yard</i>	7.5 m (24.6 ft.) for buildings accessory thereto, except the minimum side yard abutting a public street shall be 10.0 m (32.8 ft.)

15.4 Signage

15.4.1 Signage is subject to the requirements as outlined in **Section 4.13**.

15.5 Discretionary Use Evaluation Criteria

- 15.5.1** Council will evaluate development permit applications for discretionary uses according to the general discretionary use evaluation criteria in **Section 5.2** of this Bylaw and may apply development standards conditions to ensure compliance with said criteria or any other provisions of this Bylaw.
- 15.5.2** Council will consider the applications for discretionary uses with respect to the following criteria:
- a.** The infrastructure servicing capacity is available to service the development without excessive impact on other uses being served by the system;
 - b.** The proposed development will be consistent with any concept plans in force in the area and will not be inconsistent with the future use and development plans of the Town of Regina Beach Official Community Plan; and
 - c.** The development will not require the development of new streets and utility lines except as may be provided for in existing plans under Town of Regina Beach Official Community Plan and that the proposal is not premature.
- 15.5.3** Where a development is proposed at a location at which standard connection to the Town's existing sewer and water system is not feasible, the developer shall, at their own expense, provide suitable water supply and sewage disposal facilities for that development acceptable to Council and meets the *Public Health Act and Regulations* requirements.

Section 16: Flood Hazard Overlay (FH)

The intent of the Flood Hazard Overlay (FH) area is to restrict development in areas that are considered hazardous for development in order to minimize property damage due to flooding. The following regulations are intended to apply supplementary standards for development in areas designated as flood hazard zones.

16.1 Defining the Boundary

- 16.1.1** For all proposed development in this cautionary area, the developer shall be required to contact Saskatchewan Water Security Agency to determine the 1:500 year return frequency flood event and necessary freeboard.

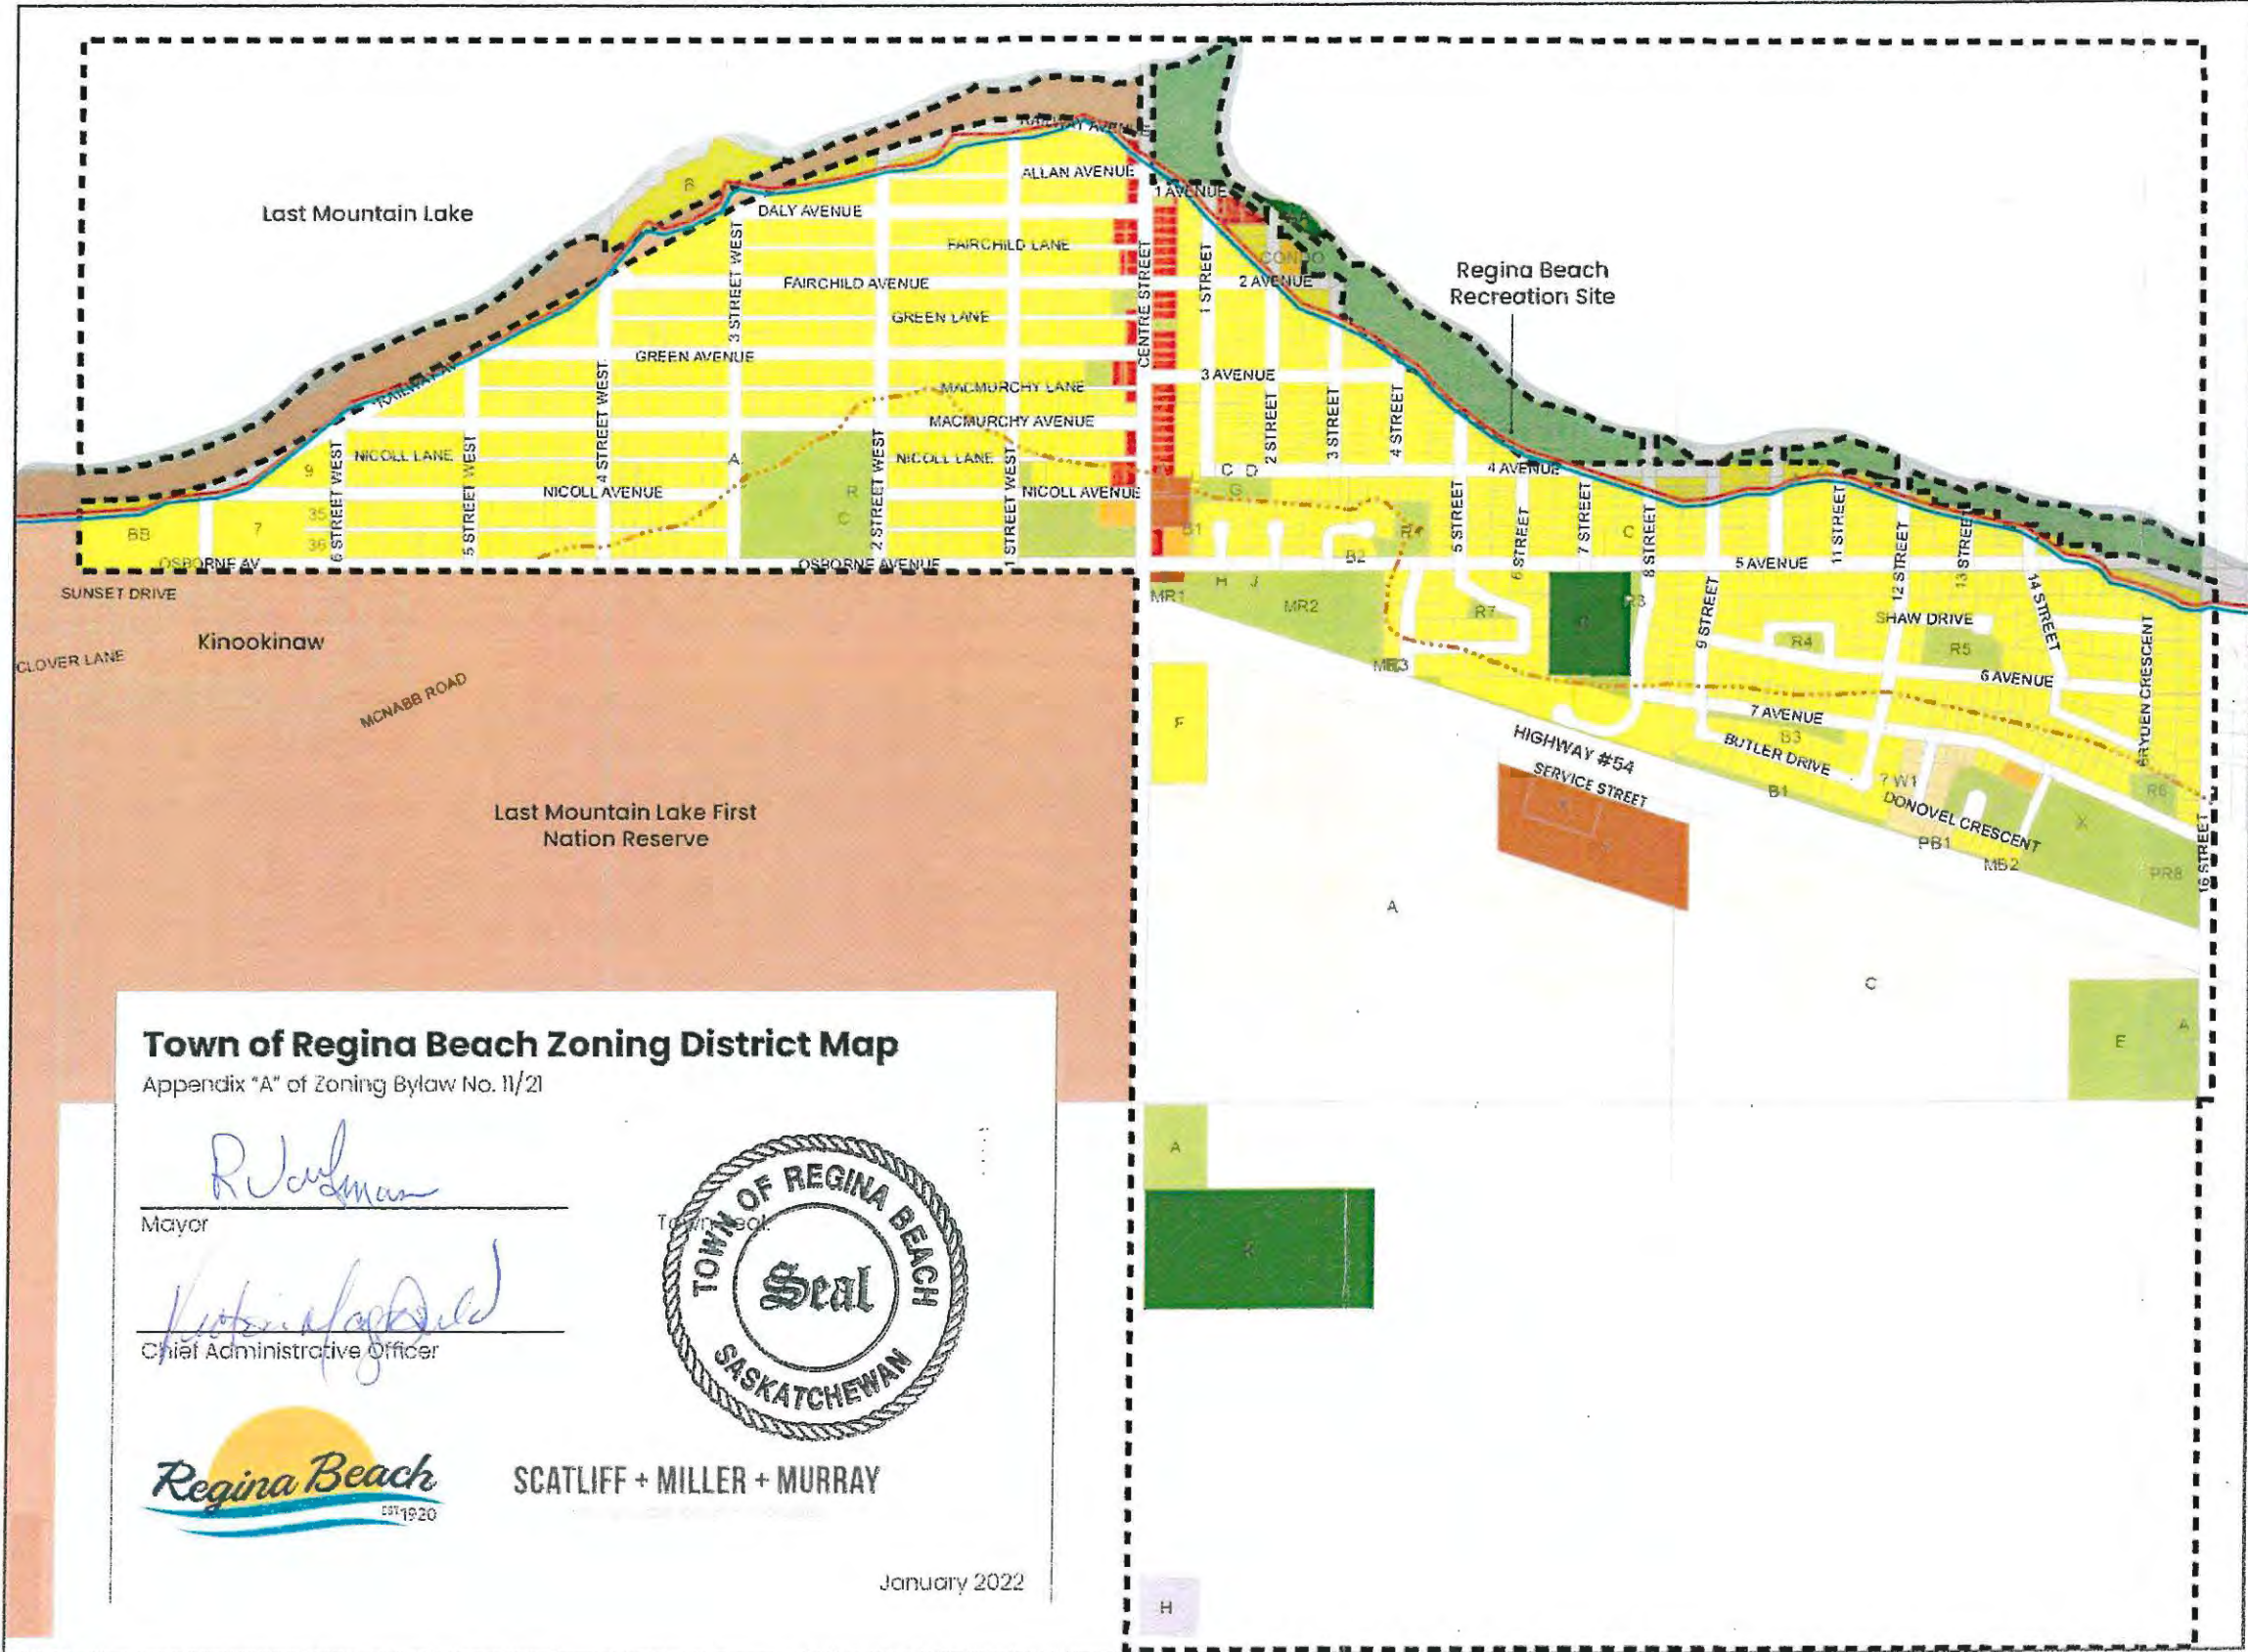

16.2 Site Regulations in the Flood Hazard Land Areas

- 16.2.1** Development of new buildings and additions to buildings in the floodway of the 1:500 year flood elevation of any watercourse or water body shall be prohibited.
- 16.2.2** If the development of new buildings or additions is approved in the flood fringe, flood-proofing to an elevation of 0.5 metres (1.6 ft.) above the 1:500 year flood event will be required.
- 16.2.3** Placement of off-site fill in the flood fringe shall be limited to that required for flood-proofing or flood risk management, in order to minimize displacement.
- 16.2.4** For a proposed development located within the flood fringe, Council may require the developer to undertake a flood study carried out by a qualified professional. The study shall determine the 1:500 flood elevation including the floodway and the flood fringe areas and any potential impacts and mitigative measures of the proposed development.
- 16.2.5** "Hazardous Substances and Waste Dangerous Goods" are prohibited, as defined by the *Hazardous Substances and Waste Dangerous Goods Control Regulations* of the *Environmental Management and Protection Act* of Saskatchewan.

16.3 Flood Proofing Regulations

- 16.3.1** A development permit shall not be issued for any land use, erection, alternation or use of any building or structure within the Flood Hazard Overlay area unless the site/development meets approved flood proofing measures 0.5 metres (1.6 ft.) above the 1:500 flood design elevation.
- 16.3.2** Existing buildings or structures within the Flood Hazard Overlay area may be repaired, replaced, or expanded subject to appropriate flood proofing measure being provided in accordance with **Section 16.3.1** above.
- 16.3.3** For the purpose of this Bylaw, appropriate flood proofing measure shall mean:
- That all buildings shall be designed to prevent structural damage by flood waters;
 - The first floor of all buildings shall be constructed above the designated flood design elevation;
 - All electrical and mechanical equipment within a building shall be located above the designated flood design elevation.
