

AFTER SCHOOL CLUB

Registration opens beginning of September

After School Club helps keep kids active in the after school hours. The program provides a safe, structured environment for children. Participants of the program will be provided a nutritional snack, an array of indoor and outdoor activities, such as snow shoeing, walks, art, crafts, games, guests, experiments and a year-end trip. Kids will improve overall wellness, and learn important life skills all while trying new things and exercising their creativity through recreation, art and culture.
