

Precautionary Drinking Water Advisory - Rescinded

Please be advised that the Town of Regina Beach is rescinding the Precautionary Drinking Water Advisory that was issued on February 2, 2018 for 300 Block MacMurchy Ave.

Effective: Immediately on February 8, 2018

All necessary samples have been taken, and have come back with good results. No positive bacteria were found in the two sets of samples. The proper measures have been taken to put the distribution system back into service. The system was pressurized, and flushed.

In consultation with the Water Security Agency, we agree no potential health risk currently exists for the affected areas of the Regina Beach distribution system, and the advisory previously issued is hereby removed.

If you have any further questions or concerns please do not hesitate to contact the Town Office at (306)729-2202.

Sincerely,

Manager of Public Works & Utilities
