Have you noticed the refreshed look Regina Beach has gotten?!
The Communications Committee & Brand Ambassador, which volunteer to
serve in assisting council in developing marketing & public relations strate-
gies & initiatives incorporating various media sources, has introduced an
updated brand and visual identity for the Town to celebrate it’s 100th year.
The goal is also to show how diverse and inclusive Regina Beach is with the
reintroduction of our tag line “A Place For All Seasons”……this doesn’t just
represent the four weather seasons, but also the different demographics that
make up the community. Plenty of thought and consideration went into the
design of the logo keeping in mind the demographic as well as ensuring it is
simple, contemporary and easily recognizable. The revitalization of the
Regina Beach brand is an opportunity to convey the integrity of our
community, as well as a new identity to drive us into the future.
In the coming months, our new look will begin to appear more & more.

New Website Coming!
After listening to feedback from
residents & some careful consideration,
the Town is working on a new &
improved website. A new, custom-
designed, mobile/responsive website
design with more information to
ensure more of our residents are well
informed. We are looking at ensuring that the information a user is looking
for is easy to access and that the site is simple to use. This new website will
help provide a great opportunity for enhanced communication.

Curbside Recycling

Curbside recycling has made it easier than ever to recycle from the comfort of your own home. It's important to recycle instead of disposing everything in landfills. It diverts waste from the landfill and contributes to a healthy Regina Beach.

The Town of Regina Beach encourages residents to participate in the curbside recycling program, which makes it easy for you to recycle common household products. Should an owner/tenant require a blue recycling bin, they can be obtained by calling the Town office.
